

The Great Seal of Maryland

Description of the Great Seal of Maryland

The Great Seal and Flag of Maryland are so intimately connected the one with the other that their history is inseparable. The flag of the State bears the escutcheon of the Great Seal—the Calvert and Crossland arms quartered. Maryland is unique in her Great Seal, and presents a marked contrast with those of the other States of the American Union, in that it consists of Armorial bearings of a strictly heraldic character, while the others bear “emblems indicative of agriculture and commerce, plenty and prosperity, or kindred subjects represented in a more or less pictorial or allegorical manner.”

The first Great Seal brought over by Governor Leonard Calvert, in 1643, was “Treacherously and violently taken away by Richard Ingle, or his accomplices, in or about February A. D. 1644, and hath ever since been so disposed of it cannot be recovered.” In 1648, Baltimore sent to the province, through Governor William Stone, a second Great Seal cut in silver. The escutcheon bore the Calvert and Crossland arms quartered. The first and fourth quarters consisted of “six pales” or verticle bars, alternately gold and black with a bend dexter counter-charged—that is, a diagonal stripe on which colors are reversed—being the Calvert arms; the second and third quarters consisted of a quartered field of red and silver charged with a Greek, or equal-limbed cross, classified as “Botany”—its arms terminating in trefoils—and also counter-charged, that is, with the colorings reversed, red being on the silver ground and silver on the red—the latter quarterings being from the Crossland, Baltimore’s maternal arms—Alicia Crossland having been the mother of the first Baron of Baltimore, George Calvert. These quarterings were surmounted by an earl’s coronet and full-faced helmet, which indicated his rank in America as that of a Count Palatine—his rank in England being that of a Baron only—a distinction which no other American Colonial charter conferred. On the helmet rested the Calvert crest, a ducal crown, with two half bannerets, one gold and one black. The escutcheon was supported on one side by the figure of a farmer, and the other by that of a fisherman—symbols of each his two estates, Maryland and Avalon. Below them was a scroll bearing the Calvert motto: “Fatti maschii Parole Femine”—mainly deeds, womanly words, or more strictly, deeds are males, words, females. Behind the escutcheons and coronets was engraved an ermine-lined mantle, and surrounding all, on a border encircling the seal, was the legend: “Scuto Bonae Voluntatis tuae Coronasti Nos”—with favor wilt thou compass us as with a shield. The heraldic terms used in describing the colors in the Calvert arms are “Or” and “Sable,” meaning gold and black.

The Obverse of the Great Seal

The obverse of the Great Seal represents Baron Baltimore as a Knight in full armor, with drawn sword and helmet decorated with feathers. He is mounted on a richly caparisoned charger, in full gallop, adorned with his paternal coat of arms, below which are engraved a strip of seashore, grass and flowers; around the whole is an inscription containing his name and titles, “Cecilius Absolutus Dominus Terrae Mariae et Avaloniae Baro de Baltimore.”

The Great Seal of the State, or Nation, stands as her symbol of honor, and the signet by which her official acts are authenticated and accredited. In colonial Maryland to every deed granting lands by the Proprietary, who held the fee therein, to the colonist settlers, was suspended by a piece of linen tape, a large wax seal, with the impression of both the obverse and the reverse of the Great Seal thereon. Upon the accession of William and Mary to the throne of England, Maryland became a Royal Province and the Church of England became the established church of the Province. During the sway of the Royal Governors, from 1692 to 1715, other seals came into use, but upon the restoration to Lord Baltimore in 1716 of the Province, “The Greater Seal at Arms” was again used. The convention of 1776 adopted the Great Seal of the Province as the Great Seal of the State, until a new one could be devised. Later, notably in 1794, and in 1817, many changes were made in it, but in 1876 a joint resolution of the Maryland Legislature was passed restoring the seal to the exact description given of it in Lord Baltimore’s Commission to Governor Stone on August 12, 1648. Maryland State Flag

The flag of the State bears the escutcheon of the great seal—the Calvert and Crossland arms quartered. The device seems to have been adopted by common consent, as there was no formal adoption of any design as the official flag of the State until 1904. To Mr. James W. Thomas, of Cumberland, Md., the author of "*Chronicles of Colonial Maryland*," is due the credit of the passage of the Act of 1904, Chapter 48, "to formally adopt and legalize the Maryland flag."

That the Colony had a distinct flag or standard we know. The first recorded instance of the use of a Maryland flag occurs in Leonard Calvert's report of the reduction of Kent Island (February, 1638), in which he says that he and his force marched with Baltimore's banner displayed. At the Battle of the Severn, in 1655, where the supporters of the proprietary government, under William Stone, the Governor, were defeated by the Puritan party under Captain William Fuller, Stone's forces marched under the flag of Maryland, borne by William Nugent, "Standard bearer of the Province," while Fuller's party displayed the Flag of the Commonwealth, charged with the crosses of St. George and St. Andrew. It is also said that a Maryland flag was carried by the Marylanders who accompanied Braddock's expedition against Fort DuQuesne (Pittsburgh), in 1755.

The Maryland Flag, like the great seal, was evidently designed and adopted by Cecilius, Lord Baltimore, and sent out by him with the Colony, as it was unfurled and officially used a few days after taking formal possession of the Province, when Governor Calvert, to more forcibly impress the natives, ordered the "Colors to be brought on shore" and a military parade. While there does not seem to be any distinct record of the design of the colonial flag of Maryland, it is believed to have been the same as the one now in use. Maryland is also as unique in her State flag as she is in her Great Seal, in that it, too, is strictly of heraldic design, and is an exact reproduction of the shield or escutcheon upon the reverse of the Great Seal of the Province. Apart from its historic interest, the Maryland Flag, as may be seen from the accompanying illustration, possesses marked symmetry and beauty. The parallel and diagonal lines of the Calvert quarterings being in singular harmony with the crosses and transposed colors of those of the Crossland arms. The combination, too, of the colors of the former—gold and black—while in brilliant contrast with those of the latter quarterings—silver and red—are both effective and pleasing. Silver being a white metal, the white color is substituted for silver in Maryland flags made of bunting or silk, and is so provided for in the Act of 1904, Chapter 48. When painted on panels or printed in colors, however, the rich heraldic colors, gold and black, silver and gules (blood red), should be adhered to.—[From booklet entitled *Annapolis, History of Ye Ancient City and Its Public Buildings*, by Oswald Tilghman.]

Governor of Maryland

THE MARYLAND STATE HOUSE, BUILT 1772

The Annapolis Convention of 1786, forerunner of the Convention that framed the American Constitution, met in the old Senate Chamber. Three years earlier, in this same room, Washington resigned his commission as Commander-in-Chief of the Continental armies. Here also the Treaty of Peace with Great Britain was ratified in 1784.

Maryland and Massachusetts are the only two states with Capitol buildings dating from before Revolution. The building pictured above is the third on this site. The first, built in 1697, was destroyed by fire, and the second, built in 1704, was torn down to make room for the present structure.

INTRODUCTION

It was the intent of the Legislature in authorizing the publication of the Maryland Manual to provide a ready reference book of important information concerning our State Government. My predecessors in office have endeavored over the years to carry out the mandate thus given and it is hoped that this volume will be found of equal value to those which have preceded it.

In addition to the Charter and Constitution of Maryland, and information concerning the Executive, Legislative and Judicial Departments, other executive and administrative departments, offices, boards, commissions and governmental agencies which have been created, educational institutions, city and county governments, the budget and financial condition of the State, much other valuable data, both of historical and present interest, will be found herein.

To all who have assisted in compiling the necessary material and publishing this Manual I desire to express my sincere appreciation.

E. RAY JONES,
Secretary of State.

The Comptroller is elected by the people for a term of four years from the third Monday in January next ensuing his election. The Comptroller appoints all officers in his own office.

The Comptroller is the head of the Division of Financial Review of the Finance Department. He is directed to exercise supervision and direction over the State Auditor, the State Bank Commissioner, the State Insurance Department, the State Tax Commission and the Central Purchasing Bureau.

The Comptroller shall have the general superintendence of the fiscal affairs of the State; he shall digest and prepare plans for the improvement and management of the revenue, and for the support of the public credit; prepare and report estimates of the revenue and expenditures of the State; superintend and enforce the prompt collection of all taxes and revenue; adjust and settle, on terms prescribed by law, with delinquent collectors and receivers of taxes and State revenue; preserve all public accounts; decide on the forms of keeping and stating accounts; grant, under regulations, prescribed by law, all warrants for money to be paid out of the Treasury, in pursuance of appropriations by law, and countersign all checks drawn by the Treasurer upon any bank or banks, in which the moneys of the State may, from time to time, be deposited; prescribe the formalities of the transfer of stock, or other evidence of the State debt, and countersign the same, without which such evidence shall not be valid; he shall make to the General Assembly full reports of all his proceedings, and of the state of the treasury department, within ten days after the commencement of each session; and perform such other duties as shall be prescribed by law.

An Act of the General Assembly of 1929 providing for a change in the Constitution which would permit the Comptroller to appoint deputies with authority to sign warrants and countersign checks was approved at the November, 1930, election. This authority makes possible the direct payment of all obligations of the State by the State Treasury Department and gives the central accounting office of the State an opportunity to pass upon all vouchers before payment. It had not been possible to provide for direct payment of all vouchers because of the impossibility of one man, the Comptroller, being able to sign all the warrants and checks which would be necessary if this plan were put into effect. A similar provision was approved for the State Treasurer's Office so that the State Treasurer will be authorized to appoint a deputy, or deputies, to sign checks in payment of State obligations.

The Maryland Income Tax Law of 1937 became effective May 18, 1937 and imposes a tax to be administered by the Comptroller at the rate of one-half of one per cent on net income (less personal exemptions in the case of individuals), as defined in the Act, derived during the calendar years 1937 and 1938. The tax is imposed upon residents of Maryland, non-residents of Maryland deriving income from sources in Maryland, domestic corporations and foreign corporations doing business in Maryland, and fiduciaries. The proceeds from the tax are required to be paid by the Comptroller into the State Fund for Aid to the Needy.

The State Auditor also reports to the Governor when requested and when he deems it necessary and desirable to do so. In addition, it is the duty of the State Auditor to report to the Comptroller all violations of law and orders of the Comptroller in the conduct of and in keeping the books and accounts of the offices and institutions examined by him, and to make such suggestions as to amendments of the laws of the State as he may deem advisable to protect the interests of the State.

The Bank Commissioner under the law has general supervision over all banking institutions in the State (other than National Banks). He is required to visit and examine, either in person or by deputy, each institution at least twice a year, and at such other times as he may deem expedient and at any time upon the request of the directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by the law, or whenever it is found that an institution is being conducted in an unsafe manner, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is finally liquidated.

In case of the failure of any banking institution (other than a National Bank) the Bank Commissioner acts as Receiver and liquidates its assets and winds up its affairs under the jurisdiction of the Court. The Bank Commissioner may substitute the Deputy Bank Commissioner or a Senior Examiner as Receiver of any such Banking Institution.

Every bank and trust company is required to submit to the Bank Commissioner, under oath at least three reports in each calendar year; such reports to exhibit in detail the resources and liabilities of the institution, and show its true condition. These reports are to be published in the local newspapers. All mutual savings institutions are required to report their condition to the Bank Commissioner on June 30th and December 31st of each year.

It is the duty of the Bank Commissioner to examine each report received from the institutions under his supervision, and when necessary, to verify them, at the same time to correct any irregularities that may be disclosed or make any recommendations that may seem advisable.

It is part of the duty of the Bank Commissioner to supervise the formation of new banking institutions; to see that all requirements of the law have been complied with, and to issue his certificate authorizing them to commence business.

It is the further duty of the Bank Commissioner to pass upon all amendments to charters, and all consolidations and voluntary liquidations. On the tenth of February in each year the Bank Commissioner is required to make a report to the Governor, covering the operations of his office.

The 1929 session of the General Assembly passed what is known as the Credit Union Law. This law provides that any seven or more persons, residents of this State, may apply to the Bank Commissioner for permission to organize a Credit Union.

The 1935 Session of the General Assembly (Chapter 489) passed a law creating the Banking Board, appointed by the Governor, the members of which are subject to the call of the Bank Commissioner to confer and consult with him in matters concerning the business of banking or banking institutions in the State of Maryland.

The duties placed upon the Commissioner in the enforcement of the insurance laws are very numerous and important, comprising the collection of large sums of money, principally from taxes on premiums and license fees, examination of the financial affairs of all companies organized under the laws of this State, as well as all other companies doing business in the State that the Commissioner thinks proper to examine, and supervision of the entire business of insurance within statutory limitations. For that purpose he is authorized to maintain office and to employ such assistants as may be necessary, including a Deputy Insurance Commissioner, an Actuary, an Examiner, an Auditor, and in addition to these such clerical assistance as he may deem necessary for the proper and efficient discharge of the duties of his Department within an appropriation as provided in the budget.

The State Tax Commission was created by the Act of 1914, Chapter 841, superseding the State Tax Commissioner, an office which was established in 1878, with functions limited virtually to the assessment of the shares of domestic corporations and national banks, the gross receipts of certain classes of corporations, and distilled spirits. Greatly enlarged jurisdiction and responsibilities were conferred upon the State Tax Commission by the act creating it and by subsequent legislation. In addition to the duties formerly exercised by the State Tax Commissioner, the Commission is empowered to "supervise the administration of the assessment and tax laws of Maryland and of each county or city thereof"; "to enforce and execute a continuing method of assessment and to require that all property in the State be reviewed for assessment at least once in every five years," but not necessarily by reassessment of all property in the same year; to act as an appellate tribunal to which all appeals from assessments of real and personal property made by local assessing bodies must be taken; to assess the rolling stock of railroad companies; "to participate in any proceeding in any court wherein any assessment or taxation question is involved."

The Commission appoints for each of the counties a Supervisor of Assessments who has the status of chief assessor in the county, with power also to appeal to the Commission from any assessments or rulings made by the County Commissioners. The supervisors are appointed from a list of five nominees submitted by the County Commissioners. They serve during good behavior and are removable by the State Tax Commission "for incompetency or other cause." Their salaries are paid

by the respective counties and are graded according to the aggregate value of property assessed in the county. A supervisor is also appointed for Baltimore City with important duties of investigation. The Commission may order the appointment of local assessors to be made by the County Commissioners and may dismiss such assessors for cause, and, in its discretion, may fill any vacancy thus created.

The State Tax Commission has charge of the registration of foreign corporations doing business in Maryland. It also determines the amount of capital employed by them in the State, as the basis of the annual franchise tax. Charters and amendments to charters of domestic corporations are filed with, and recorded and approved by, the Commission. In its jurisdiction over foreign corporations the Commission succeeds the Secretary of State; while in passing on appeals from assessments locally made, and on certificates of incorporation, it exercises functions formerly performed by the courts.

Under the Tax Revision Act of 1929 (Chapter 226) an appeal to the courts lies from the decisions of the Commission in all cases where questions of law are involved.

Under the individual and corporation income tax law, enacted by the Special Session of the General Assembly of 1937, Chapter 11, the Commission was given appellate jurisdiction to hear all appeals from the final action of the Comptroller. The determination of the Commission is *prima facie* evidence of the amount of the tax due, but an appeal to the courts lies from the finding of the Commission in the manner now provided for on appeals from said Commission in the exercise of its appellate jurisdiction and the provisions of Section 188 of Article 81 of the Code are made applicable.

The State Tax Commission is composed of three members, appointed by the Governor for terms of six years, one of the terms expiring every two years. One member must be a resident of the Eastern Shore, one a resident of Baltimore City and the other a resident of one of the Western Shore counties. "Not more than two of said Commissioners shall be of the same political party, and each of them shall be a taxpayer and qualified voter of this State."

This Bureau consists of the Governor, who is Chairman; Secretary of State, Comptroller of the Treasury, State Treasurer, Chairman of the State Roads Commission, Commissioner of Motor Vehicles, Chairman of the State Board of Welfare, Chairman of the State Board of Health, State Superintendent of Public Schools, President of the Uni-

versity of Maryland, and the Superintendent or managing heads of the following institutions: Crownsville State Hospital, Eastern Shore State Hospital, Rosewood State Training School, Spring Grove State Hospital, Springfield State Hospital, Maryland Tuberculosis Sanatorium, Maryland State School for the Deaf, Montrose School for Girls and Maryland Training School for Boys.

The Chairman of the Bureau appoints a Secretary-Treasurer who shall be known as the Purchasing Agent.

The Central Purchasing Bureau of Maryland was established in consequence of an act passed by the Legislature of 1920 (Chapter 184, 1920). The Bureau was organized in June, 1920, and immediately took over the purchasing of all State Departments, Boards, Institutions and Commissions with the exception of the State Roads Commission. In 1935 the Bureau took over the purchasing for the State Roads Commission.

During the last fiscal year, purchases in excess of \$3,250,000.00 were made.

The principal functions which this office has endeavored to carry out are as follows:

- First: The securing of lower prices by reason of bulk purchases. Comparison between the prices paid on consolidated quantities and those which individual institutions would pay show a saving of not less than 10 per cent.
- Second: Standardization of commodities in common use, resulting in a decrease in the varieties purchased with the consequent increase in the volume of purchases of standardized articles.
- Third: Because of the volume of consolidated purchases, original sources of supply can be dealt with, resulting in the lowest possible price.
- Fourth: Warehousing. A warehouse of 18,000 square feet capacity is maintained in Baltimore City for the storage of staple supplies purchased in quantities on favorable markets. Such supplies are paid for out of a Revolving Fund of \$100,000, which is available through Legislative appropriation. This provides for prompt payment of bills and all invoices subject to discount are paid within the prescribed period. The saving in cash discounts alone more than pays for the cost of maintaining the warehouse.

Because of this ability to warehouse considerable quantities of staple commodities and cash payment for same, lowest possible prices are secured. An accounting system has been developed, by means of which, through simple debit and credit entries, funds are transferred from Budget appropriations of Using Agencies to reimburse the Revolving Fund. Supplies are withdrawn from the warehouse with a consequent lessening in the amount of clerical labor on the part of the Using Agencies in the payment of invoices.

Monthly meetings are held with the Superintendents of the various State Institutions and other State Agencies present, at which time samples are examined and contracts awarded. These monthly meetings furnish a good opportunity for the heads of the various State Agencies to meet and exchange advice with reference to the conduct of their departments and institutions.

Every advantage is made of the facilities which the State has for the testing of materials, supplies and equipment, determining those

commodities most suitable for use. Advice is also sought of the various scientific agencies of the State to determine the composition of commodities offered for purchase, and subsequently to determine the comparison of delivered articles and samples submitted.

The State Treasurer is elected on joint ballot at the regular session of the Legislature, beginning with the term of the Governor, for a period of four years, or until his successor is duly elected and qualifies.

The Treasurer is the head of the Division of Deposits and Disbursements, depositing daily all monies received in such banks as he may select, with the approval of the Governor; said banks giving sufficient bond or approved collateral security satisfactory to the Governor. All State money is paid out upon the warrant of the Comptroller by check issued by the Treasurer, and countersigned by the Comptroller. He is a member of the Board of Public Works; a member of the Board of Trustees and Treasurer of the Teachers' Retirement System of Maryland, and also a member of the other Boards having charge of the different State Institutions.

The Comptroller and Treasurer issue all loans authorized by the Legislature—the Treasurer signing the bonds or certificates of indebtedness, countersigned by the Comptroller. The Treasurer and Comptroller are custodians of all bonds, stock, and other securities belonging to the State, and held for the use of the different sinking funds.

The Treasurer has charge of the State's insurance and is custodian of all policies covering same. The Treasurer publishes the balances in the different State depositories standing to the credit of the State, monthly, and renders a quarterly report to the Comptroller.

The head of the Department of Education is the State Board of Education.

In accordance with Chapter 506 of the Acts of 1916, the members of the State Board of Education are appointed by the Governor. One member is appointed annually for a term of seven years from the first Monday in May next succeeding the appointment.

The State Board of Education selects a State Superintendent of Schools, and through him and his assistants, has general control of the Public School System of the State. The Board is a legislative body, and, as such, enacts by-laws and prescribes rules and regulations for carrying into effect the provisions of the school laws. These by-laws and rules include regulations for the construction of school buildings, for grading and standardizing all public schools, for the certification of public school teachers, for taking the bi-ennial school census, and for a uniform series of forms and blanks for the use of county superintendents, school officials and teachers.

The State Superintendent of Schools is the executive officer of the Board. The members of the State Board of Education and the State Superintendent of Schools are ex-officio trustees of the State Teachers Colleges.

State Superintendent of Schools.

The State Superintendent of Schools is appointed by the State Board of Education for a term of four years and is ex-officio secretary and treasurer of the Board. He is the executive officer of the State Board of Education, which, in addition to having general control of the State School System, is charged with the duties of interpreting school laws and acting without expense to the parties concerned in all controversies and disputes involving the proper administration of the public school system. He carries out the education policies of the State Board of Education. He conducts conferences of school officials and teachers, issues teachers' certificates, passes upon proposals for the sale of school sites and buildings, and the plans for the construction of new buildings. He directs the taking of the bi-ennial school census, prepares courses of study and an annual report. He also issues bulletins from time to time on the conditions and needs of the schools.

Either in person, or through his assistants, he has general supervision over the educational conditions in the counties and co-operates with county school officials in welding together school interests in a State system. He certifies to the Comptroller each year a list of schools entitled to receive State aid, and the amount due each county in part payment by the State of the salaries of superintendents, supervisors and attendance officers; for books and materials; for reduction of taxation; on the basis of children enumerated in the school census, and for days of school attendance; and from the Equalization Fund. He audits the accounts of the county boards of education and sees that their expenditures conform to the law. His approval is necessary in the appointment of county superintendents, supervisors, and attendance officers by the County Boards of Education. The State Superintendent is a member ex-officio of the Board of Trustees of the State Teachers' Retirement System.

All communications pertaining to the supervision and administration of the State School System (Baltimore City not included) should be sent to the State Superintendent of Schools, or to him as secretary of the State Board of Education.

Work of the State Department of Education.

The twenty-three counties of the State in 1936-37 enrolled nearly 174,000 pupils in 1,315 public elementary and secondary schools in charge of 5,065 teachers. Nearly 38,000 of these pupils were in the last four years of work of the 176 high schools distributed in the twenty-three counties of the State. In the same year the counties expended on schools approximately \$8,993,000 for current expenses, of which \$3,655,000 or nearly 41 per cent., was received by the twenty-three counties from the State of Maryland and Federal vocational funds. Baltimore City received \$1,483,550 from State and Federal school funds for the maintenance of schools and the retirement system for teachers.

There were *10,995 graduates from county white elementary schools and 5,470 from county white high schools in 1937. Of the white girl graduates from county high schools, over 4 per cent. entered the Towson, Frostburg and Salisbury Teachers Colleges. The three teachers colleges had an enrollment in the fall of 1937 of 810 students, which included 271 enrolled from Baltimore City at Towson.

*Includes eighth grade promotions in junior high schools.

Approximately 27 per cent of the white county high-school graduates of 1935 continued their education beyond high school in 1935-36 in colleges, universities, hospitals, commercial schools, and other institutions.

Towson, Frostburg and Salisbury Teachers Colleges offer a four-year course to white county students preparing to teach in the elementary schools, while at Towson a three-year course is taken by the Baltimore City students. Through the training of the teachers colleges, which until 1935 were normal schools, it has been possible to fill over 98 per cent of the positions in county elementary schools with teachers who have had professional training. The financially poorer counties have been able to finance the higher salaries for these trained teachers through aid from the State Equalization Fund. Any county which could not carry the minimum requirements of the State program on a county school current expense tax rate of 67 cents plus other forms of State aid received the additional amount necessary through the State Equalization Fund from 1923 to 1933. As a result of legislation in 1933, the 67-cent county school current expense tax rate required of counties sharing in the Equalization Fund was reduced to 47 cents beginning with the school year 1933-34.

During the school year ending in June, 1937, there was at least one supervising or helping teacher in every county in Maryland. This is the fifteenth year that this satisfactory situation has existed. The State pays two-thirds of the salaries according to the minimum schedule of the county supervising and helping teachers and of county superintendents. The improvement in the results of the tests in reading and arithmetic is one evidence of effective supervision.

The improvement of instruction through supervision is accomplished by organizing the content of the curriculum into definite units of instruction in the various subjects; by setting up specific goals of accomplishment for each grade in the various subjects; by giving standardized tests in the "three R's" to check on the accomplishment of goals and to plan appropriate remedial teaching for deficiencies revealed; by analyzing with teachers the achievements to secure more suitable classification and to provide adequate guidance for individual pupils who vary markedly from the average; by constantly urging the improvement of physical and hygienic conditions in the schools; by stimulating teachers to do the best work of which they are capable through visits to the classroom followed by helpful conferences and through participation in professional group meetings of teachers conducted by the supervisor; by breaking down the isolation of teachers in rural schools and giving adequate educational opportunity to country children; by building up new content and methods with older experienced teachers who may be inclined to fall into a dull routine; by utilizing the strength of superior teachers for the benefit of the entire group through demonstration lessons; and by helping the public and parents to understand more clearly what the schools are trying to accomplish for their children.

In the fall of 1937 there were 47 supervising or helping teachers employed for the 2,944 white elementary teachers scattered over the 9,870 square miles in the Maryland counties, an average of 63 teachers for each supervising or helping teacher. Since there are very few non-teaching principals in the Maryland county schools, the counties are helping teachers to improve instruction with a relatively small corps of supervisory officials.

The average current expense cost in 1936 of educating a pupil in the schools of the twenty-three counties was \$53.71. Graded schools having three or more teachers, with better trained teachers, more

equipment and expenditures for transportation, cost less per pupil than rural schools having one or two teachers, chiefly because the classes were larger. Transportation was provided at public expense for nearly 49,000 county pupils at a cost of \$952,600.

There were 57.8 per cent of the white county schools, and 82 per cent of the colored schools in the counties which reported that they had active parent-teacher associations organized in 1936.

Maryland's school system is frequently visited and studied by officials from other States and counties because of its plan for effective administration and supervision in a county unit system, and because of its method of distributing school funds on the basis of need through its Equalization Fund.

The work in Medicine, Pharmacy, Law, Dentistry and Nursing is given in schools in Baltimore. The University Hospital is also located in that city.

History.

The history of the present University of Maryland, until they were merged in 1920, is the history of two institutions. These were the old University of Maryland in Baltimore and the Maryland State College (formerly Maryland Agricultural Collège) in College Park.

The beginning of this history was in 1807, when a charter was granted to the College of Medicine of Maryland. The first class was graduated in 1810. A permanent home was established in 1814-1815 by the erection of the building at Lombard and Greene Streets in Baltimore, the oldest structure in America devoted to medical teaching. Here was founded one of the first medical libraries (and the first medical school library) in the United States. In 1812 the General Assembly of Maryland authorized the College of Medicine of Maryland to "annex or constitute faculties of divinity, law, and arts and sciences," and by the same act declared that the "colleges or faculties thus united should be constituted an university by the name and under the title of the University of Maryland." By authority of this act, steps were taken in 1813 to establish a "faculty of law," and in 1823 a regular school of instruction in law was opened. Subsequently there were added a college of dentistry, a school of pharmacy, and a school of nursing. No significant change in the organization of the University occurred until 1920, more than one hundred years after the original establishment in 1812.

The Maryland State College was chartered in 1856 under the name of the Maryland Agricultural College, the second agricultural college in the Western Hemisphere. For three years the College was under private management. In 1862 the Congress of the United States passed the Land Grant Act. This act granted each State and Territory that should claim its benefits a proportionate amount of unclaimed Western lands, in place of scrip, the proceeds from the sale of which should apply under certain conditions to the "endowment, support, and maintenance of at least one college where the leading object shall be, without excluding other scientific and classical studies, and including military tactics, to teach such branches of learning as are related to agriculture and the mechanic arts, in such a manner as the Legislature of the States may respectively prescribe, in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life." This grant was accepted by the General Assembly of Maryland, and the Maryland Agricultural College was named as the beneficiary of the grant. Thus the College became, at least in part, a State institution. In the fall of 1914 control was taken over entirely by the State. In 1916 the General Assembly granted a new charter to the College and made it the Maryland State College.

In 1920, by an act of the State Legislature, the University of Maryland was merged with the Maryland State College, and the name of the latter was changed to the University of Maryland.

All the property formerly held by the old University of Maryland was turned over to the Board of Trustees of the Maryland State College, and the name was changed to the Board of Regents of the University of Maryland. Under this charter every power is granted necessary to carry on an institution of higher learning and research. It

provides that the University shall receive and administer all existing grants from the Federal Government for education and research and all future grants which may come to the State from this source. The University is co-educational in all its branches.

Extension and Research.

Agriculture and Home Economics.

The Extension Service is that branch of the University of Maryland, established by Federal and State law, which is designed to assist the farmer and his family in promoting the prosperity and welfare of agriculture and rural life. Its work is conducted in co-operation with the United States Department of Agriculture.

The Extension Service is represented in each county of the State by a county agent and in all but a few counties by a home demonstration agent. Through these agents and its staff of specialists, the Extension Service comes into intimate contact with rural people and with the problems of the farm and home.

Practically every phase of agriculture and rural home life comes within the scope of the work undertaken by the Extension Service. Farmers are supplied with details of crop and livestock production, and with instructions for controlling disease and insect pests; they are encouraged and aided in organized effort, helped with marketing problems, and in every way possible assisted in improving economic conditions on the farm.

Rural women are likewise assisted in the problems of the home. They are made acquainted with time and labor-saving devices, with simpler and easier methods of work, with new knowledge of foods, with new ideas about home furnishing, with practical methods of home sewing and millinery construction, and with such other information as tends to make rural home life attractive and satisfying.

For rural boys and girls, the Extension Service provides a valuable type of instruction in agriculture and home economics through its 4-H Club work. The instruction is incident to actual demonstrations conducted by the boys and girls themselves. These demonstrations, under supervision of the county and home demonstration agents, are the best possible means of imparting to youthful minds valuable information in crop and livestock production and in the household arts. The 4-H Club work, moreover, affords rural boys and girls a very real opportunity to develop the qualities of self-confidence, perseverance, and leadership.

The Extension Service works in accord with all other branches of the University of Maryland and with all agencies of the United States Department of Agriculture. It co-operates with all farm and community organizations in the State which have as their major object the improvement of agriculture and rural life; and it aids in every way possible in making effective the regulatory work and other measures instituted by the State Board of Agriculture.

General Extension.

This phase of the extension service of the University is conducted in co-operation with the United States Bureau of Education and is intended to make the Liberal Arts and branches of the curriculum, other than Agriculture and Home Economics, of greater service to the people of the State.

Agricultural Experiment Station.

The agricultural work of the University naturally comprises three fields: research, instruction, and extension. The Agricultural Experiment Station is the research agency of the University, which has for

its purpose the increase of knowledge relating to agriculture, primarily for the direct benefit of the farmer. It is also the real source of agricultural information for use in the classroom and for demonstrations in the field.

The Experiment Station work is supported by both State and Federal appropriations. The Hatch Act, passed by Congress in 1887, appropriates \$15,000 annually; the Adams Act, passed in 1906, provides \$15,000 annually; and the Purnell Act, passed in 1925, provides \$60,000 annually. The Bankhead-Jones Act, passed in 1935, eventually will provide approximately \$35,000 annually. The State appropriation for 1935 is \$48,600.

The objects, purposes, and work of the Experiment Stations as set forth by these acts are as follows:

"That it shall be the object and duty of said Experiment Stations to conduct original researches or verify experiments on the physiology of plants and animals; the diseases to which they are severally subject with the remedies for the same; the chemical composition of useful plants at their different stages of growth; the comparative advantages of rotative cropping as pursued under a varying series of crops; the capacity of new plants or trees for acclimation; the analysis of soils and water; the chemical composition of manures, natural or artificial, with experiments designed to test their comparative effects on crops of different kinds; the adaptation and value of grasses and forage plants; the composition and digestibility of the different kinds of food for domestic animals; the scientific and economic questions involved in the production of butter and cheese; and such other researches or experiments bearing directly on the agricultural industry of the United States as may in each case be deemed advisable, having due regard to the varying conditions and needs of the respective States or Territories."

The Purnell Act also permits the appropriation to be used for conducting investigations and making experiments bearing on the manufacture, preparation, use, distribution, and marketing of agricultural products, and for such economic and sociological investigations as have for their purpose the development and improvement of the rural home and rural life.

The Maryland Station, in addition to the work conducted at the University, operates a sub-station farm of fifty acres at Ridgely, Caroline County, and a farm of about sixty acres at Upper Marlboro for tobacco investigations. Experiments in co-operation with farmers are conducted at many different points in the State. These tests consist of studies with soils, fertilizers, crops, orchards, insect and plant disease control, and stock feeding.

The results of the Experiment Station work during the past quarter of a century have developed a science of agriculture to teach, and have laid a broad and substantial foundation for agricultural development. The placing of agricultural demonstrations and extension work on a national basis has been the direct outgrowth of the work of the Experiment Stations.

The students taking courses in agriculture are kept in close touch with the investigations in progress.

-------------------	-----------

The Governor appoints three members, two of whom shall be interested in the advancement of forestry and one a practical lumberman, who, with the President of Johns Hopkins University and the State Geologist, shall constitute the Board.

The terms of those first appointed are until the first Monday in May, 1924, and thereafter for two years from the first Monday in May. Ch. 29, 1922.

The Department of Forestry was created and organized to protect and develop the valuable timber and tree products of the State, and to carry on a campaign of education and to instruct counties, towns, corporations and individuals as to the advantages and necessity of protecting from fire and other enemies of the timber lands of the State.

While the power of the Forestry Department rests with the Regents of the University, acting through the Advisory Board, the detail work is in the hands and under the management of the State Forester, who is secretary of the Board, and all correspondence and inquiries should be addressed to him at 1411 Fidelity Building, Baltimore.

Scientific Staff:

F. W. Besley, State Forester.....	Baltimore
Karl E. Pfeiffer, Assistant State Forester.....	Baltimore
Walter J. Quick, Jr., Assistant Forester.....	Baltimore
C. F. Winslow, Extension Forester.....	College Park
H. C. Buckingham, District Forester.....	Cumberland
R. H. Hershberger, District Forester.....	Laurel
Nelson H. Fritz, District Forester.....	Salisbury

The State Forester has studied the timber interests of each of the twenty-three counties in detail and the statistics and information collected are published for free distribution, accompanied by a valuable timber map to all who may apply. He will co-operate with counties, towns, corporations and individuals, in preparing plans for the protection, management and replacement of trees, woodlots and timber tracts under an agreement that the party obtaining such assistance pay at least the field expenses of the men employed.

An important work of the Forester is to encourage methods of preventing and extinguishing forest fires which annually destroy thousands of dollars worth of young timber. For this purpose a forest protection system has been established. The state is divided into three districts, each in charge of a District Forester, assisted by nine part-time District Forest Wardens and 680 Forest Wardens. There is also a system of 30 lookout towers for detecting forest fires and 24 forest guards to respond promptly to fire calls. The laws against setting out fires are very strict. The State and Counties divide the expense of extinguishing fires.

The Department also administers nine state forests and five state parks, comprising about 65,000 acres in eleven different counties. The main purpose of the forests is for timber growing and watershed protection, but they also serve along with the state parks as a recreation ground for the people of the State, being visited every year by thousands for camping and other forms of recreation.

The Roadside Tree Law directs the Department of Forestry to care for those trees growing within the right-of-way of any public highway in the State, and no tree can be cut or trimmed by a corporation or individual without a permit from the Forestry Department, after application has been made to the State Forester. The Forestry Department co-operates with the State Roads Commission in tree planting along state highways.

A State Forest Nursery, established in 1914, furnishes trees at cost for forest planting and for planting along roadsides.

Section 2, Article IX, of the Constitution provides: "There shall be an Adjutant General, appointed by the Governor, by and with the advice and consent of the Senate. He shall hold his office until the appointment and qualification of his successor, or until removed in pursuance of the sentence of a court martial. He shall perform such duties and receive such compensation or emoluments as are now or may be prescribed by law. He shall discharge the duties of his office at the seat of government, unless absent under orders, on duty."

Chapter 583 of the Acts of the General Assembly of Maryland, 1935, provides for the appointment by the Governor, without the advice and consent of the Senate, of an assistant Adjutant General, to hold office

at the pleasure of the Governor, and to have a commissioned grade not above that of Brigadier General.

The Governor selects, in his discretion, either the Adjutant General or the Assistant Adjutant General to serve as Chief of Staff of the Governor's Military Staff. Either the Adjutant General or the Assistant Adjutant General may also be appointed by the Governor as Chairman of the Maryland Veteran's Commission.

Article 65, Code of Public General Laws of Maryland, provides that the Ranking Line Officer shall be in control of the military department of the State, and subordinate only to the Governor in matters pertaining to that department. He performs such duties as pertain to his office, and the other chiefs of staff departments and corps under the regulations and customs of the United States Army. He superintends the preparation and publication of all official forms required for use in the military service of the State; the reports and returns required by the United States; keeps a register of all commissioned officers and the record of enlisted men. He is likewise the custodian of all State and Federal property in use by the organized militia; he is also in control of State appropriations for the maintenance of the organized militia (land and naval); apportions such appropriations and provides for the proper application of funds so as to insure a uniform and consistent disbursement for the progressive benefit of the military establishment of the State.

He also promulgates to the organized militia the orders of the Governor as Commander-in-Chief and provides from time to time appropriate regulations for the government, discipline and maintenance of the military establishment; he also publishes and provides for observance of all federal laws and regulations applicable to the militia of the State.

He is the official channel for communication with the War and Navy Departments on all matters and affairs relating to the federal government's interest in the militia of the State.

He is charged with the care, control and maintenance of all armories owned by the State of Maryland, and all buildings or other property purchased, occupied, leased or rented by or in behalf of the State military forces, which may now or shall hereafter be authorized by law and has all the power and authority necessary or desirable for the purpose aforesaid and with the right to make and enforce all reasonable rules and regulations.

The Governor, in his discretion, may by executive order transfer any or all of the strictly administrative duties of the ranking line officer to the Adjutant General or Assistant Adjutant General, provided that any such transfer shall not affect the control of the ranking line officer over the tactical command and training of the units and organizations of the National Guard or his general control of the Military Department, in all of which the ranking line officer functions under the direct orders of the Governor.

The Assistant Adjutant General may be paid a salary fixed by the Governor out of the appropriation in the budget for the administration of the Maryland Veterans' Commission.

In matters pertaining to the military establishment of the State or the military relations of the State with the United States, communications should be addressed to the Commanding General, Maryland National Guard, Annapolis.

WAR RECORDS OF MARYLAND SOLDIERS AND SAILORS

The Maryland War Records Commission having disbanded all records pertaining to the World War have been deposited in the Department and are now available for reference purposes at all times.

Numerous requests are received for the service records of men who served in the Revolutionary War, the War of 1812, the Mexican War, the Civil War, Spanish-American War and the World War. Every request is complied with, without charge, if the record is available in the Department, and when not available the applicant is advised of the best authentic source to seek the same. Only in respect to the records pertaining to the Revolutionary, War of 1812, and Mexican Wars are our records rather incomplete and the incompleteness is solely due to the methods used in those days of making and preserving records.

CONTROL OF STATE ARMORIES.

By Act of the General Assembly of 1922 (Art. 65, P. G. L., Md.) the State Armory Commission was abolished and the direct control of all State Armories placed with the Ranking Line Officer of the State, to whom all applications should be made for the use of any armory, provided, however, that when applications are disapproved by the ranking line officer they shall be subject to review and approval of the Board of Public Works, the Ranking Line Officer and the commanding officer of the unit occupying the armory concerned.

In addition to the Fifth Regiment Armory in Baltimore City, State owned amories are now completed in the following towns and cities throughout the State:

Pikesville	Laurel

MILITIA LAW OF MARYLAND

The National Defense Act required all States to make their military laws conform with the provisions of the Act, in so far as any State law might have been in conflict or might have been deficient as to certain mandatory features of the Act, to entitle any State to participate in the Federal appropriations for arming, equipping and training the National Guard.

Accordingly, Article 65, P. G. L., Md., was repealed and re-enacted by the Legislature at its January (1922) session in which certain provisions of the National Defense Act have been incorporated as the law of the State, thereby conforming to the Act.

It was also found desirable to provide for the functioning of the Ranking Line Officer of the National Guard on active duty pay status and to place this officer in control of the military department of the State. The authority, prerogatives and duties heretofore held and performed by the Adjutant General have, by the present law, been transferred to the Ranking Line Officer who is responsible only to the Governor, acting for and by his direction in all matters pertaining to the Military Department of the State.

The Governor has appointed as members of this Commission:

so applying, together with recommendations concerning them. Old Age Assistance, Aid to Dependent Children, and Public Assistance to the Needy Blind are administered by this Board. It is the official representative of the State in regard to charitable matters and has the administration of the laws regarding the placement of children in this State by out-of-State agencies, and the supervision of the law prohibiting the separation of babies from their mothers during the first six months after birth. It is the selecting agency for all CCC Enrollments in the State. It also certifies all persons eligible, on basis of need, for work on W. P. A. Such boards have authority to administer public assistance and relief to families and individuals in need, including the administering of relief under the Aid to Dependent Children Law, the administering of Old Age Assistance, the administering of Public Assistance to the Needy Blind, the care of neglected, dependent and delinquent children. Each County Board consists of seven members, one of whom shall be a County Commissioner, and serves for three years. The Old Age Assistance Law (Chapter 592, Acts of 1935 as amended by Chapter 149, Acts of 1936, and Acts of 1937, Chapter 12) provides for a State-wide system of old age assistance by the local boards and the Department of Public Welfare of Baltimore City, under the general supervision of the Board of State Aid and Charities.

The members of this board are appointed for the term of six years. The terms of two expire every legislative year. The Governor, the Comptroller and the Treasurer are ex-officio members of the board.

The State Sanatorium cares for 508 patients, and Mount Wilson cares for 170 patients. The population of the Eastern Shore Branch is 50 patients. Henryton cares for about 222 patients, all colored.

The State's program for the hospitalization of tubercular patients has been practically completed, and is expected to meet the demands of at least a number of years. The facilities are among the finest in the country, and are recognized everywhere as combining economy in operation and excellence in treatment.

Among white people the death rate was reduced from 150.8 per 100,000 in 1917 to 52 in 1934. The colored death rate was reduced from 413.6 to 204 in 1930 and now over one-half of the deaths from tuberculosis are among colored people, which represents about one-sixth of our population.

Ex-Officio Members:

 Huntington Williams, M. D., Dr. P. H.
 Commissioner of Health of Baltimore City

The State Board of Health consists of nine members, seven appointed by the Governor and two, the Attorney-General of the State and the Commissioner of Health of Baltimore City, ex-officio members. The State law requires that of the nine members of the Board, four shall be physicians, one a civil engineer, one a certified pharmacist, and one an experienced doctor of dental surgery, all to be appointed by the Governor, the remaining members to be the Attorney-General and the Commissioner of Health of Baltimore City. The Governor shall designate one of the four physicians as Chairman and Director of Health. The Governor's appointees serve for a term of six years, each.

Dr. Robert H. Riley is Chairman of the Board and Director of Health. He is the Executive Officer of the State Department of Health. He is represented in the field by the Deputy State Health Officers, one in each Sanitary District. Division of the State into ten Sanitary Districts, each consisting of two or three counties, and each in charge of a full-time Deputy State Health Officer, was made in 1914, in accordance with the law enacted that year. Increased functions made it necessary to decrease the territory covered, and the County Health Department Law enacted in 1922 opened the way for full-time departments in individual counties. A third law passed in 1931, changed the number of Sanitary Districts from ten to twenty-three, corresponding to the number of Counties, and gave the necessary sanction for State-wide full-time County health service. Since 1934, there has been full-time health service in every county in the State.

The County Health Officers are designated as Deputy State Health Officers. Through them the Director of Health exercises supervision over all matters affecting public health in the counties of Maryland.

The headquarters of the State Department of Health are at 2411 North Charles Street, Baltimore, Maryland. The building houses the executive offices, the bureaus, divisions, and central laboratories. Branch bacteriological laboratories are maintained at conveniently accessible centers in different parts of the State.

In the Executive Office are four divisions, Legal Administration, Public Health Education, Oral Hygiene, and Personnel and Accounts.

Mr. J. Davis Donovan, LL.B., is Chief of the Division of Legal Administration. His duties include the investigation of all infractions of public health laws and representation of the Department in court in cases of prosecution of violations of such laws. The Division also enforces the provisions of the law relating to the manufacture and sale of bedding and upholstered furniture.

Miss Gertrude B. Knipp is Chief of the Division of Public Health Education. Her duties include assembling and distributing information on health promotion and disease prevention; preparing bulletins in popular form for press purposes, with special reference to use in the counties; preparing circulars and arranging reports and other printed matter bearing upon the work of the Department.

Dr. Richard C. Leonard, D.D.S., is chief of the Division of Oral Hygiene. His duties include the organization and supervision of county school dental clinics wherein preschool and school children are examined and either referred to a family dentist, or, in the case of indigent children, given free care. Educational work on the importance and maintenance of mouth health is carried on through lectures, clinics, moving pictures and pamphlets distributed through the Division.

In addition to the Executive Office the Department consists of the following bureaus and divisions, the duties of which are described below:

The Bureau of Vital Statistics registers and makes statistical studies of all births and deaths, marriages, and divorces occurring in Maryland; licenses and registers midwives and regulates the transportation of the dead. It also maintains a service for issuing certified copies of certificates of births and deaths. On registration of births, certificates are sent to parents of all children born in the counties of Maryland and cards certifying to the date of birth are furnished for entrance to school and for work permits.

Arthur W. Hedrich, Sc. D., Chief, Baltimore.

The Bureau of Communicable Diseases receives daily reports from Health Officers of communicable diseases; investigates outbreaks of diseases and directs measures for their control; enforces the laws on the notification of reportable diseases and the smallpox vaccination law; aids in maintaining tuberculosis clinics and keeps a separate and confidential record of all cases of tuberculosis and of venereal diseases; maintains venereal disease clinics, directs medical inspection of public schools and investigates nuisances. The Division of Epidemiology and the Pasteur Division are under this Bureau.

C. H. Halliday, M.D., Epidemiologist, investigates the occurrence, distribution and type of communicable diseases in individuals and communities in the counties of Maryland, in order that measures for the control of such diseases may be instituted. The Division studies the sources and routes of infection, assists local health authorities or family physicians in the diagnosis of communicable diseases, assists in finding unrecognized or unreported cases and advises in regard to the proper method for the collection of laboratory specimens. The Chief of the Division also assists in diphtheria, typhoid fever and smallpox immunizations when the latter cannot be done by private physicians or by local health officers.

C. W. G. Rohrer, M.D., Ph.D., Diagnostician, aids in the diagnosis of communicable diseases, notably those of the exanthematous group. He acts in an advisory capacity to medical inspectors and other physicians in matters pertaining to the prevention and further spread of such diseases. He is in charge of the Pasteur Division and admin-

isters the Pasteur treatment. He also classifies deaths by nature and cause, recording essential data missing from original certificates.

R. H. Riley, M.D., Director and Chief of the Bureau of Communicable Diseases, Baltimore.

C. H. Halliday, M.D., Epidemiologist and Assistant Chief of the Bureau of Communicable Diseases, Baltimore.

The Bureau of Bacteriology assists physicians and health officers in the diagnosis and prevention of communicable diseases; assists in the prevention of maternal mortality by the examination of urine specimens from prenatal cases; determines the bacterial quality of drinking water, milk and other foods; examines annually many samples of water and oysters for the protection of the public health and the oyster industry of Maryland; tests the efficiency of operations for the purification of water and disinfection of sewage.

The Central Laboratory is located at 2411 North Charles Street, Baltimore City, with Branch Laboratories at Cumberland, Hurlock, Frederick, Hagerstown and Rockville.

C. A. Perry, Sc. D., Chief Bacteriologist, Baltimore.

The Bureau of Chemistry determines the sanitary quality of drinking waters, milk and other food substances; determines the legality of drug products and pharmaceutical and medicinal preparations sold to the public; assists in testing the efficiency of operations conducted for the purification of water or for the treatment of sewage; supplies data required in preventing the adulteration or misbranding of foods; conducts investigations from time to time which have for their object the improvement of analytical methods applicable to drugs, foods, waters and sewage.

Wm. F. Reindollar, Chief Chemist, Baltimore.

The Bureau of Sanitary Engineering exercises supervision over the purity of waters throughout the State; examines all sewage and water works projects, approves or amends them; through the State Board of Health can require local authorities to install sewerage or water works or to alter the construction or operation of these works; exercises supervision over the disposal of trade wastes, stream pollution in general and aerial pollution. It also prepares plans and specifications and supervises the construction of water and sewerage works at State institutions.

Abel Wolman, A.B., B.S.E., Chief Engineer, Baltimore.

The Bureau of Food and Drugs investigates food and drug products manufactured or sold in the State, for the purpose of determining their purity, honesty of labeling, and compliance with the Food and Drug Law. Holds hearings, inspects dairies, canneries, pharmacies, stores, markets, seafood establishments, slaughter-houses, and other places where foods and drugs are produced, manufactured or stored. Examines food products and submits specimens of foods and drugs to laboratories of the Department for analysis, cooperates with Federal and with other State agencies for the purpose of more effectively controlling the purity of food and drug products. It also enforces the pharmacy laws relating to the conduct of drug stores and the poison and narcotic laws.

A. L. Sullivan, B.S., Chief, Baltimore.

R. L. Swain, L.L.B., Ph. M. Sc. D., Deputy Drug Commissioner, Baltimore.

The Bureau of Child Hygiene assists health officers and nurses in their child health activities; at the request of the County Health Officer and with the approval of the local physicians organizes pre-natal conferences for mothers, health conferences for infants and preschool children in the counties. The Bureau offers to physicians consultations for sick children; assists physicians in securing special services or hospital accommodations for indigent children; makes information on child hygiene available to county organizations, parent-teacher associations and others, through conferences, lectures, pamphlets, bulletins and other publications. It also conducts a course of demonstrations for midwives in the counties.

The Division of Personnel and Accounts does all departmental accounting of both money and property, and does most of the Departmental printing; purchases all supplies, material and equipment for the bureaus of the Department; directs the distribution of supplies; and exercises general supervision over employees of the Department. The Chief of the Division is the Recording Secretary of the State Board of Health and of the Executive Committee. He also supervises the financial aspects of full-time county health units and works with county and town officials in the preparation of joint budgets for such projects.

THE DEPARTMENT OF PUBLIC WORKS

THE STATE ROADS COMMISSION OF MARYLAND.

Federal Reserve Bank Building, Baltimore.

Chairman of the Commission and Director of the Department of Public Works: Dr. H. E. Tabler.

Members of the Roads Commission: C. Nice Wilkinson, Frank F. Luthardt.

Secretary: Lamar H. Steuart.

Chief Auditor: William A. Codd.

Special Assistant Attorney General: Thomas M. Jenifer.

Chief Engineer: Nathan L. Smith.

The Commission consists of three members appointed by the Governor for no specified term of office. One shall be appointed from that one of the two leading political parties opposite to the Governor's political party.

The Governor designates a Chairman who shall be also the Director of the Department of Public Works (Chapter 29, 1922).

The State Roads Commission administers all financial and physical transactions applicable to the construction and maintenance of all State roads and bridges on the Road System. (Chapter 539, 1931). The construction of new roads, and other projects, on the System, is financed from the proceeds of one and one-half-cent (1½c) gasoline tax, Federal Aid, and with contributions from the counties through bond issues. New bridges on the State System of roads, likewise are constructed from proceeds of the Construction funds.

In twenty of the twenty-three counties of the State, the State Roads Commission of Maryland has been delegated the authority of performing all necessary functions in connection with the maintenance of County Systems of Roads and Bridges. The cost of maintenance of the County Systems of Roads and Bridges is charged to those funds allotted to the counties and administered by the Commission for use of the respective counties (Chapter 425, 1933, Chapter 465, 1935).

The cost of maintaining all existing roads and bridges on the State System, first is reserved and deducted from the net income derived from automobile license fees imposed and collected by the Commissioner of Motor Vehicles and remitted to the State Comptroller for the use of this Commission, together with the net revenue derived from the two-cent (2c) gasoline tax set over to the use of this Commission. After deducting the cost of maintenance of the State System from the combined total receipts of the Commissioner of Motor Vehicles and the two-cent (2c) gasoline tax received by this Commission, the remainder of such fund is expended for projects of reconstruction, betterments, and additions to the entire system, or for costs of construction of new projects including those projects constructed by Federal Aid Funds, fifty per cent. (50%) of costs being contributed by the Commission. Grade crossings are eliminated by the expenditure of funds coming into the hands of this Commission from the one-half-cent (½c) gasoline tax, together with the contribution by the Railroad Company and from special Federal appropriations.

The Commission, in 1934, issued the first of its series of Debentures. The total authorized issue was \$4,000,000.00 (Chapter 463, 1933), and an additional issue of \$3,000,000.00 was authorized at the Session of the General Assembly in 1935 (Chapter 563, 1935). The proceeds of the sales of these bonds were used in conjunction with Federal funds made available to Maryland under the National Industrial Recovery Act—Public Works Administration, and used to construct new roads and bridges on the State System of Highways.

During the fiscal year ended September 30, 1936, the receipts of the Commission, from all sources, were \$11,265,614.31, and the expenditures \$11,499,868.71. The expenditure of this sum was made for the following purposes:

In addition to the roads constructed, there were built in 1936, 14 bridges, replacing one-way or dangerous structures.

It is anticipated that during 1937, 19 new bridges will be constructed, replacing existing one-way or dangerous structures.

Since the inauguration of gasoline tax for Grade Elimination projects, the Commission has eliminated 68 grade crossings, either by the construction of bridges or through road relocations.

In view of the vast expenditure under the direction of this body and at the suggestion of Governor Nice, the first Legislative Session during his Administration, authorized compensation for three full-time members of the Commission, with a view to the elimination of waste and extravagance and the reducing of operating costs to a minimum.

THE COMMISSIONER OF MOTOR VEHICLES

Guilford Avenue and 21st Street, Baltimore.

(Term Expires May, 1939.)

Name.	Postoffice.
Commissioner:	
Walter R. Rudy.....	Mt. Airy
Deputy Commissioner:	
D. Marshall Schroeder.....	Frederick
Registrar of Titles:	
Michael A. Noppinger.....	Baltimore

The Commissioner exercises, subject to review by the Courts, entire jurisdiction over titling, registration and licensing of all motor vehicles owned or operating continuously within the State. He has jurisdiction and, subject to review by the Courts, sole authority in the examination, qualifications and licensing of all persons operating motor vehicles continuously within the State. Reciprocity with other States gives to owners and drivers of cars coming into Maryland a period of

grace before they become subject to car registration, car licensing and driver's permit regulations as provided in the Maryland statutes.

All licensing fees, both for titling and registering cars, and registering drivers, as well as all fines for violations of the traffic regulations and motor vehicle statutes, are collected and accounted for by the Commissioner. The judges of the Baltimore City Traffic Court and the police magistrates in the towns and rural sections make return to the Commissioner on all fines collected. No part of the costs of arrests or prosecutions goes to the State officers operating under authority of the Commissioner, where these officers make the arrests.

The system of licensing all pleasure vehicles on a horse-power basis, commercial vehicles and trucks on a tonnage basis, and public service lines, both freight and passenger, on ton-mile or passenger-mile basis, which had obtained for years in arriving at licensing charges, was changed by the Legislature in 1922. Under this new system, a gasoline tax became operative in Maryland on January 1st, 1924. This tax is in addition to a reduced horsepower fee and adjustments under the other types of fees.

Administration of the detail of collecting the gasoline tax is vested in the State Comptroller, the Motor Vehicles Commissioner retaining, however, his former duties in the issuance, at a nominal cost, covering cost of tags and clerical work, of the licensing and registration of cars. The gasoline tax is imposed as an additional charge upon public service vehicles. Their ton-mile and passenger-mile ratings and charges will continue to be computed and enforced by the Commissioner.

All fine and fee income collected by the Commissioner, above the costs of administration of his office and field forces, goes into the State Highway Maintenance fund of the State, thus putting back into the highways built by other means by the State what the motorist is assumed to have taken out in depreciation of surface and base.

While trials, with either dismissals or convictions, carrying fines or jail sentences before magistrates furnish a part of the machinery of the enforcement of the motor vehicle statutes, control of all drivers' permits to operate cars or motorcycles is vested solely in the Commissioner. He not only controls issuance of licenses and can refuse to permit an unfit applicant to operate a car in the State, but in addition he holds the power of suspension for a stated period or the absolute revocation of a driver's permit. This without regard to the action of the Courts in cases tried before them.

Appeal to the Courts from the action of the Commissioner, in suspending, refusing or revoking licenses, is provided in the law, however.

By recent Acts of the Legislature, the following appear as safety measures designed to enable the Commissioner of Motor Vehicles to make the state highways safe and thereby reduce accidents to a minimum, viz: (1) upon inability to satisfy a judgment arising from an automobile accident or collision or certain infractions of the motor vehicle laws, certain evidence of financial responsibility must be produced to the Commissioner before licenses may be restored; (2) shatter-proof glass is required in all motor vehicles manufactured or assembled, sold and registered in this State after July 1, 1935; (3) periodical inspection of vehicles by designated agencies.

State Departments having to do with regulating the operation of motor vehicles are as follows: (1) Commissioner of Motor Vehicles; (2) Public Service Commission; (3) State Roads Commission; (4) Maryland State Police.

Through Chapter 303 of the Acts of 1935 of the Maryland Legislature, the separation of the Motor Vehicle Deputies from the Office of the Commissioner of Motor Vehicles was effected and a new Department was created, known as the Department of Maryland State Police. The direction of the Department is vested in the superintendent, with the rank of Major, in the Department. He is appointed by the Governor with the advice and consent of the Senate for four years, from the first day of June following his appointment. He is subject to removal by the Governor for official misconduct or incompetency, and, in the event of removal or resignation, the Governor is given the power to appoint a superintendent to hold office for the remainder of the unexpired term of the superintendent who has resigned or is removed from office.

The first superintendent was Major J. Purdon Wright, who was commissioned on June 1st, 1935.

The qualifications of the superintendent are that he shall be a citizen of the United States and a resident and voter of the State of Maryland. His authority is to establish and maintain classification and grades for police employees in the Department as follows: There may be one captain, three lieutenants, one sergeant major, one first sergeant, six detective sergeants, one quartermaster sergeant, one sergeant mechanic, ten sergeants, fourteen corporals, eighteen officers, first class, and thirty-eight officers. He shall also maintain such clerical employees as may be required. He shall designate the authority, responsibility and duties of the various ranks, grades and positions and, with the approval of the State Employment Commissioner, shall set standards and qualifications and fix pre-requisites of training, education and experience. All employees of the Department are in the classified service except the superintendent. After examination under the Merit System and appointment, such appointees, however, must serve a probationary period of one year, during which time they are removable in the discretion of the superintendent and are not within the Merit System.

Six investigators of the Commissioner of Motor Vehicles named in the Act were transferred and rank in the Department as Detective Sergeants. The physician attached to the Commissioner of Motor Vehicles was also transferred. All chiefs and civilian employees attached to the motorcycle department were transferred.

The Superintendent is empowered to promote employees to the rank, grade or position in the Department as he may deem necessary for efficient administration, but no person may be promoted to any rank, grade or position unless he shall have filled the grade, rank or position immediately inferior. All promotions up to and including

the rank of sergeant are provided to be departmental, and to such promotions the Merit System shall not apply. All promotions above the rank of sergeant must be made in accordance with the provisions of the Merit System on competitive examination. Employees discharged or resigned are not afterwards eligible for re-appointment.

The superintendent is authorized to organize and maintain a training school for employees, which training may be made available to any local unit within the State. He is also authorized to formulate such rules and regulations for the administration of the Department as may seem fit, and to assign, re-assign and transfer employees from one station to another.

The superintendent has power to establish and discontinue headquarters and stations in such localities as he may deem advisable.

The Act provides that the Department shall create and maintain a Bureau of Identification and Statistics.

Provision is also made for the salaries, expenses and maintenance of the Department, to be paid out of the gross income of the Department of Commissioner of Motor Vehicles, exclusive of revenue produced by fines and forfeitures, and exclusive of revenue arising from commercial hiring truck license fees and commercial hiring franchise truck fees.

The Act provides that the duties of the police employees are to prevent and detect crime, to apprehend criminals, to enforce the criminal and motor vehicles laws and to perform such other related duties as may be imposed upon them by the Legislature, which power shall be exercised in any and all parts of the State. With the exception of the enforcement of the motor vehicle laws, police powers shall not apply to Charles, Calvert, Howard and Montgomery Counties. It is further provided that the State Police shall not act within the limits of any incorporated municipality which maintains a police force, except under the following circumstances:

- (1) When in pursuit of an offender or suspected offender;
- (2) When in search of an offender or suspected offender wanted for a crime committed outside of the limits of the municipality, or when interviewing or seeking to interview a witness or a supposed witness to such a crime;
- (3) When requested to act by the chief executive officer of the municipality in question or its chief police officer;
- (4) When ordered by the Governor to act within the municipality in question.

They are directed to cooperate and exchange information with any other Department or authority with police forces, both within and without the State and with Federal Police forces, toward the end of achieving greater success in preventing and detecting crimes and apprehending criminals.

The superintendent shall annually, within thirty days following the close of the fiscal year of the Department, make a full financial and operative report to the Governor showing the activities of the Department.

The Act went into force and took effect after June 1, 1935.

The Legislative Act under which the present Conservation Department now operates, was enacted in 1935 and all control and executive functions of this Department are vested in a Conservation Commission. The Commission consists of three members, two of which are of the same political party. The Commission is appointed by the Governor, with the consent of the Senate, for a term of four years from the first Monday in June, 1935. (Ch. 523, Act 1935.)

The Department enforces the laws governing the natural resources of the Chesapeake Bay and inland waters; the conservation of wild life and game; and maintains a research laboratory at Solomons, Md.

Chesapeake Biological Laboratory

Dr. R. V. Truitt, Director.

The Chesapeake Biological Laboratory, located at Solomons Island, in the mid-region of the Chesapeake Bay Country, is making marked progress as an institution for wild life research and study.

In progress at the Solomons Island institution are investigations into pertinent problems concerning crabs, oysters, fish, and clams, with a new line of research working toward the solution of the biology of the boring sponge (*Cliona*). In the management of the Laboratory, several colleges and independent institutions are co-operating, to wit: University of Maryland, Johns Hopkins University, Western Maryland College, Washington College, Goucher College, Carnegie Institution of Washington, and the U. S. Bureau of Fisheries.

The following courses were offered as class work to advanced undergraduates and to graduate students during the 1936 session: *Algae, Ecology, Economic Zoology, Invertebrates, Diatoms, Biological Problems and Physiology*. Class work is limited to eight students in these various subjects relating to local problems, while an effort is made to keep the registration down to five members in each class. Students are accepted on the basis of interest and scholarship, an effort being made to eliminate all except grade "A" students. All research problems are associated with wild life of the State. Original work rather than formal classes is encouraged.

In addition to the regular schedule, the services of Dr. V. D. Vladykov, Fishery Biologist, and Mr. David H. Wallace, Assistant Fishery Biologist, have been secured. This was made possible by an appropriation of \$5,000 for two years from the General Assembly of 1935, for research work and a survey of the Chesapeake Bay fishes. This work has made considerable progress and much good is expected from these investigations.

PROPAGATION OF GAME FISH.

Prior to 1926 the fresh water work was supported by State appropriations and only a limited amount of propagation could be accomplished. Since that time the Angler's License Fund was inaugurated which relieved the State from support in this direction, and the revenue from this source has made possible the following:

Enlarging and improving the Lewistown Hatchery at Frederick County, and leasing and operating in connection with the above named hatchery the White Rock and Richey Camp rearing stations.

The purchase and construction of a 50 acre large mouth bass and crappie station at Fairlee, Kent County, where since 1929, 700,000 bass and crappie have been distributed, mostly in the waters of the Eastern Shore.

The purchase of sixteen acres in connection with the Lewistown Hatchery for the purpose of the propagation of small mouth bass. Four and three quarters acres were completed and operated this season, with an output of 206,000 Bass from two to three inches.

The purchase of land and the construction of Bear Creek Station, Garrett County, that has produced since 1928, 20,000 trout yearly ranging in size from 7 to 14 inches. These have been stocked in the waters of Garrett County.

The leasing and operation of the Cushwa Rearing Station since 1929, where thousands of trout from 7 to 26 inches are stocked yearly in suitable waters of Washington County.

Steady progress is being made in the development, propagation and restoration of fish life to the interest of the angler and those interested in conservation work.

The purchase of 7,000 adult bass, ranging in size from one-half to five pounds, from the commercial fishermen and transplanting them in fresh water ponds and streams has resulted in much favorable comment from the inland fishermen. Plans call for an extension of this program.

During the Special Session of the Legislature, 1936, the following changes were made in the Conservation Laws:

Oysters: (Article 72)

Chap. 104, Amending Section 18.—Making it lawful to take oysters by use of hand scrapes from the waters of Worcester County at any time.

Chap. 18, Amending Section 26.—Reducing the dredging license.

Chap. 100, Amending Section 5.—Granting the tongers thirty days in which to license.

Clams: (Article 39)

Chap. 110, Amending Section 101A.—Reducing the license fee for clammers.

Crabs: (Article 39)

Chap. 138, Amending Section 98A.—Granting the Conservation Commission the power and authority, in its discretion, to prohibit the taking of crabs in any of the waters of Maryland during the month of November, 1936.

Fish: (Article 39)

Chap. 119, Amending Section 47.—Authorizing fishing within 800 yards of the natural shore line in Cecil County.

STATE GAME DEPARTMENT OF MARYLAND.**Game.**

The State Game Department, or Game Division, of the Conservation Commission acts as an agency for the enforcement of game and fresh water fish law and is supported entirely from receipts thru the sale of hunting licenses, which are credited to the State Game Protection Fund and disbursed for the protection and propagation of game, however, the deputy game wardens enforce the fish laws at all points above tide water and receive their compensation from the State Game Protection Fund and not from the anglers license. The General Treasury does not appropriate a single penny to the support of the Division.

The State Game Department was created by Chapter 293, General Assembly of 1896 and consolidated with the Conservation Commission by Chapter 682, Acts of 1916 when said Commission was created. Prior to 1916 the General Assembly appropriated \$2600 every two years for support and maintenance for said Department. With only one salaried officer, namely the State Game Warden, it was impossible for him, no matter how ambitious he may have been, to make a scratch on the surface in the enforcement of the laws and, of course, did not have one penny to expend for propagation.

The hunters license system was created by Chapter 468, Acts of 1918, which requires those who enjoy the great outdoors to contribute to a Fund for support of the Division and until this law was enacted the Department was one by name and not by action due to the lack of finances. For instances, beginning with the fiscal year of 1916, there was \$511 in the Treasury to the credit of the Department. Since the enactment of the hunters license system in 1918, the Department reports \$129,000 in assets and no liabilities, with a salaried staff of 26 deputy game wardens stationed throughout the State and 600 non-salaried deputies.

The Department has in operation two State-owned game farms, namely the Gwynnbrook Farm, Baltimore county, and the Wicomico Farm in Wicomico county, where large numbers of bob-white and other species of game are propagated in captivity; also operate a propagation plant on a small scale at the Montgomery county Game Refuge and the Washington county Game Refuge. The Department owns 5301 acres purchased from hunters license receipts and said areas are used as game refuges and propagation plants and in addition has under lease 36,359 acres used for the same purpose.

New Legislation.

During the session of the General Assembly of 1937, there were only three Bills enacted pertaining to Game, namely—

Chapter 110, repealing the short-term non-resident hunting license;

Chapter 524, open season on deer, state-wide, due to the increase of this game animal and reducing the season on squirrels due to the scarcity to 15 days, namely October 1 to October 15 inclusive. The rest of the Upland Game season remaining as heretofore. This Chapter also provides it to be unlawful to hunt any upland game by means

of any gun carrying more than three shells at any one loading. This law also applies to wild waterfowl. This Act also prohibits the sale of cottontail rabbits, bob-white, pheasant, ruffed grouse, wild turkey, or wild waterfowl, either dead or alive, whether killed in Maryland, any other State, Territory, or Country; and,

Chapter 417, providing that any dog or dogs found pursuing any deer may be killed by any deputy game warden of this State or any other person. The necessity of this legislation is due to the fact that in certain sections of our State where deer have shown a decided increase, numbers of deer have been killed by worthless dogs running at large and unclaimed by any person as to ownership.

The Public Service Commission of Maryland was created by Chapter 180 of the Acts of 1910, effective April 5, 1910.

The Governor appoints the three members of the Commission, one of whom he designates as Chairman. The term of office is six years, and the term of one Commissioner expires every two years. The Governor also appoints the General Counsel to the Commission for a term of six years.

The Commission has jurisdiction over steam and electric railroads, street railways, common carriers generally, including all railroad corporations, express companies, sleeping car companies, steamboat, power boat and ferry companies, toll bridges and also motor vehicles engaged in the public transportation of passengers and freight. The Commission also has jurisdiction over gas companies, electric companies, telephone companies, telegraph companies, water companies and heating and refrigerating companies. The jurisdiction of the Commission is limited to operations within the State of Maryland.

The supervision and jurisdiction of the Commission covers the service furnished, the rates charged, the capitalization, the issue of stocks, bonds, and other securities, the right to exercise franchises granted by the counties and by the cities the right to fix rates for service and to fix standards for service, and general supervisory and regulatory powers over the utilities subject to its jurisdiction. In the exercise of this supervision and jurisdiction, it is the purpose of the Commission to insure and maintain to the public safe and adequate service, at just and reasonable rates, without unjust discrimination.

The Commission is given power to investigate and ascertain the fair value of the property of corporations subject to its jurisdiction.

An annual report showing the financial conditions and operations of each utility under its jurisdiction is required to be filed with the Commission.

By legislation enacted subsequent to the original Act, the Commission has been given power to fix minimum as well as maximum rates, to suspend schedules of rates pending the determination of the reasonableness of the rates proposed, and utilities are forbidden to abandon

or discontinue the exercise of franchises without the permission and approval of the Commission.

The Commission has also been authorized to make joint investigations, hold joint hearings, and issue joint or concurrent orders in conjunction or concurrence with any official board or commission of any State or of the United States, under agreements or compacts between States or under the concurrent power of States to regulate interstate commerce, or as an agency of the Federal Government, or otherwise.

The Commission is required by law to test all electric meters and gas meters before installation, and to test meters upon request of the consumer.

The Commission maintains a laboratory in which daily tests are made of the gas furnished in the City of Baltimore, and its inspectors also make regular and frequent tests of the gas and electricity furnished in other parts of the State.

The proceedings before the Commission frequently require hearings, and all such hearings are public and are reported by a stenographer, and a permanent record thereof is kept.

In the case of *ex parte* applications of utilities for permission to exercise franchises, to issue securities or otherwise invoking the jurisdiction of the Commission, the applicant is required to advertise, at its own expense, giving notice of the hearing to be had, so that the public interested may be advised thereof and given the opportunity to be heard with respect thereto.

One of the most important amendments to the original Act is that providing for representation by counsel of the interests of the public in all proceedings before the Commission. The Act now provides for the appointment by the Governor of an experienced and qualified lawyer as People's Counsel, and it is the duty of this official to represent the interests of complainants and of the public generally in proceedings before the Commission.

By Chapter 485 of the Acts of 1931 the Commission is given full jurisdiction over taxicabs operating in Baltimore City. One requirement of this law is that all such taxicabs shall carry insurance or give bond to indemnify the public.

Secretary, Albert E. Brown, Baltimore.

Adolph F. Schuch, Administrative Assistant, Baltimore.

The State Industrial Accident Commission was created by Chapter 800 of the Acts of the General Assembly of 1914 and provided for three commissioners to be appointed by the Governor, not more than two of whom shall be of the same political party. After the creation of the first Commission the term of a commissioner was for a period of six years.

At the session of the General Assembly of Maryland in 1935 the personnel of the Commission was increased to five, not more than three of whom shall belong to the same political party, two of whom

shall be the two Commissioners then in office whose terms expire on April 16, 1937 and April 16, 1939, respectively, and the other three Commissioners shall be appointed by the Governor immediately upon the taking effect of this Act. One of them shall hold office for a term of one year beginning April 16, 1935, another shall hold office for a term of three years beginning April 16, 1935, and another shall hold office for a term of five years beginning April 16, 1935. Upon the expiration of the term of each Commissioner, his successor shall be appointed by the Governor for a term of five years. The Governor designates the Chairman.

(Ch. 800, 1914—Ch. 264, 1935.)

The State Industrial Accident Commission is charged with the duty of administering the Workmen's Compensation Law. The law provides, first, for the payment of compensation to employees injured in certain extra-hazardous employments, and to their dependants in case of death; second, that all employers in such occupations shall secure the payment of such compensation by insuring their liability in a stock or mutual company, or in the State Accident Fund, or by proving to the satisfaction of the Commission their financial ability to pay the compensation.

The business of the Commission is to administer the Workmen's Compensation Act and involves determining what occupations are included, receiving reports of accidents, receiving, investigating and adjudicating claims arising under the Act. Hearings are held in contested cases. In addition to these duties, the Commission administers the State Accident Fund, which is provided by the Act as one of the methods by which employers must insure.

The General Assembly of Maryland in its session of 1929 amended the Workmen's Compensation Law, giving the Commission the power to formulate reasonable rules and regulations for the establishment and maintenance of safety, having in mind the prevention of and reduction in accidents in occupations governed by the provisions of the Workmen's Compensation Law. Shortly after the adoption of this amendment the Commission organized a Safety Department for the purpose of carrying on this work, which department is administered by the Commission.

Since the passage of the Workmen's Compensation Law in 1914 there have been numerous amendments passed by the General Assembly. These amendments had in view the purpose of adapting the law to conditions as they now exist. Some of the more important changes were made in 1931 on the recommendations of a committee appointed by the Governor for that purpose, and were concurred in by representatives of employees, employers and insurance carriers.

The jurisdiction of the State Industrial Accident Commission is continuing. Many petitions for reopening or rehearing, after final settlement of claims, are presented, requiring long record of medical and other testimony, many resulting in appeals. This greatly increases the work and expense of the department from year to year.

When the General Assembly of Maryland in 1914 passed the Workmen's Compensation Act, they recognized the fact that employers might be put in the position where they would not be able to comply with the Act, due to the fact that the private insurance companies would refuse to carry their risk. Furthermore, they felt that inasmuch as this form of insurance was compulsory under the State Law, that they should provide a place where the insurance could be secured at practically the cost of writing this form of insurance. They, therefore, created the State Accident Fund to be administered by the State Industrial Accident Commission. This Fund has grown gradually and has become the largest writer of Compensation Insurance of Maryland

business in the State and is in a strong financial condition, affording sure and ample protection under the Workmen's Compensation Law of Maryland. Due to the fact that the Fund is endeavoring to furnish this protection at as near cost as possible, it has saved a great deal of money for those who have insured through it.

Effective March 1, 1926, the Commission inaugurated a new merit-rating system, the purpose of which is to reward and stimulate the policyholders of the Fund in their work of accident prevention and to measure the rate more closely to the individual hazard of the policyholder, preserving to the policyholder, of course, the basic principles of insurance protection, so that any severe losses will still be distributed. This merit-rating system is working out very satisfactorily, and is offering an incentive to the policy holder to take a greater interest in accident prevention in his plant.

The expense of operating the State Industrial Accident Commission is not a burden upon the taxpayers of the State as the entire expense of the Commission, not including the State Accident Fund, is borne by the private insurance companies which write Compensation Insurance, self-insurers, and the State Accident Fund, while the cost of operating the State Accident Fund is borne by the policyholders insuring in the Fund.

The Bureau of Mines was created in the State Board of Labor and Statistics by the General Assembly of 1922. The Chief Mine Engineer was appointed by the Governor from a list of eligibles prepared by the State Employment Commissioner. The Act became effective October 1, 1922.

The Act was prepared by a special commission appointed by the Governor and supersedes the several local laws which governed mining operations in this State prior to the enactment of this law.

The Act makes provision for the inspection, sanitation, ventilation and safeguarding of all the operations connected with mining. Provision is also made for the weighing of all coal mined in the State.

It is the duty of the Chief Mine Engineer to enforce all provisions of the Act. He is given the authority to make and enforce necessary rules and regulations in connection with the enforcement of the Act and the operation of the mines. After hearings had been held in Frostburg and Westernport between the Chief Mine Engineer and operators and miners, such regulations were issued and became effective March 13, 1929, and have been in force since that date. (Ch. 307, 1922.)

There was created by this Act in the Bureau of Mines a State Mine Examining Board with powers to examine and pass upon the qualifications of applicants for certificates of competency as mine foremen, assistant mine foremen, and fire bosses. The Merit System Law of Maryland (Article 64-A, page 2160, Annotated Code of Maryland—Bagby) creating the State Employment

Commissioner" was passed in 1920. The basic Law has not been amended in any material manner since its passage. The statute provides that "The State Employment Commissioner" prepare and publish Rules and Regulations for the purpose of carrying out the provisions of the Act, which, when approved by the Governor, shall have the force of law. The Rules, like the Law itself, have shown but few and unimportant amendments. The Law is efficient, workable and its stability has enabled its provisions to be well known and understood by all State employees. The Rules of the Commissioner are sound, and are intended to safe-guard not only the employee, but the taxpayer. The Merit System, as applied to the State service, functions, not only as a technically professional exemplification of advanced ideas in public employment, but as a procurement agency charged with the duty of supplying State departments and institutions with the most competent personnel procurable at the compensation provided by the State in the Budget.

A material advance was made by the Legislature of 1937, which approved the establishment of a "Medical Division" in the Department of State Employment and Registration, as recommended by the State Employment Commissioner, a facility that the Department has long needed. It also enacted a statute, prepared by the State Employment Commissioner, with the approval of the Governor, which established a system providing for retirement, with reasonable compensation, of aged and disabled State employees.

The Merit System of Maryland has won deserved recognition nationally, for its efficient operation and its freedom from political interference.

The Board receives in advance a fee of \$2.00 for each 1,000 feet of film, or fractional part thereof, submitted for examination, and \$1.00 for each duplicate of 1,000 feet, or fractional part thereof, if submitted within a year after the examination and approval of the original film. Upon completion of the examination the Board issues a certificate stating the result of the examination and furnishes an official approval seal, record of which is kept by the Board.

Persons submitting films to the Board for examination, if dissatisfied with the result of the first examination, may, upon appeal, submit the same film to the Board for re-examination, and finally to the City Court of Baltimore.

Any person failing to display the approval seal of the Board may be fined from \$5.00 to \$10.00, or in default of payment may be sentenced to imprisonment from two to five days.

The law under which the Board was operating was found to be inadequate. A bill, therefore, was introduced and passed by Act of the Legislature of 1922, Chapter 390, which repealed and re-enacted each and every section of the original Acts of 1916, 1918 and 1920, with amendments and changes, conferring additional powers upon the Board and providing increased penalties for violations of the Act.

The Act of 1929 provides for a new schedule of fees chargeable by the Board.

The provisions of the Act do not apply to any non-commercial exhibition of films by religious, charitable or fraternal organizations, or by any library, school or museum, for purely religious, charitable, fraternal or educational purposes. The Board is authorized to issue permits free of charge to organizations of the above character where exhibitions of films of the above type are to be shown in public places of amusement, such permits to be issued at the discretion of the Board and without examination of film, provided proper affidavits of character of film are made to the Board.

JUVENILE COURT COMMITTEES

The acts of 1931, Chapter 323, authorized the appointment by the Governor of a Magistrate for Juvenile Causes in each of the counties of the State, except Allegany, Washington and Baltimore Counties, provided the Board of County Commissioners decide to have such a Magistrate, and fix and make provision for the payment of the Magistrate's salary.

This law also requires the Governor to appoint a Juvenile Court Committee for each of the counties to which the law applies. When one of these counties decides to have a Magistrate for Juvenile Causes, then it is the duty of the Juvenile Court Committee for that county to recommend to the Governor qualified persons for the position, and after the Magistrate has been appointed the Committee from time to time is to advise with the Magistrate in respect to the selection of probation officers and other matters.

In each county the Juvenile Court Committee consists of five members, whose terms are four years each.

The Juvenile Court Committees appointed by the Governor for each of the counties covered by the law are as follows:

BIOGRAPHIES

EXECUTIVE DEPARTMENT

Governor: HARRY W. NICE (Republican), Baltimore.

Harry W. Nice was born in the City of Washington, District of Columbia, December 5, 1877. He is a member of the Methodist Episcopal Church, and is the son of the late Reverend Henry Nice and Drucilla Arnold Nice. Reverend Henry Nice, whose ancestors settled in Pennsylvania with William Penn, began his active ministerial duties at Snow Hill, Maryland, in 1857, and thereafter assumed various charges elsewhere in the State of Maryland. Drucilla Arnold Nice, the daughter of William A. Arnold, was born in Alexandria, Virginia.

Harry W. Nice received his early education in the public schools of Baltimore City, later attending Baltimore City College and Dickinson College, Carlisle, Pennsylvania.

Graduating from the University of Maryland with the degree of Bachelor of Laws, he was admitted to the Bar in 1899 and practiced his profession, with offices in the City of Baltimore, continuously until elected Governor of the State of Maryland in 1934.

He has received honorary degrees of Doctor of Laws from the University of Maryland, St. John's College, Dickinson College (Carlisle, Pennsylvania), and Washington College.

On June 8, 1905, Mr. Nice married Edna Viola Amos, of Baltimore City, whose ancestors settled in Somerset County early in the Seventeenth Century. Two children, both boys, have been born to this union, one now deceased, the survivor, Harry W. Nice, Jr., now 31 years of age.

Having served as Secretary to the Mayor of Baltimore, Mr. Nice, early in life was elected a member of the Baltimore City Council. He has served also as Supervisor of Elections; Judge of the Appeal Tax Court; Assistant State's Attorney, and State's Attorney for Baltimore City.

His tenure of office as Assistant State's Attorney and later as State's Attorney for Baltimore City was noteworthy for the successful prosecution of many important cases.

In September, 1919, while serving as State's Attorney for Baltimore City, Mr. Nice received the Republican nomination for Governor of Maryland, and in November, 1919, was defeated by the very narrow margin of 165 votes in an election where more than 228,000 votes were cast for the

office of Governor. This was considered a remarkable showing because of the tremendous Democratic book majority then obtaining in the State of Maryland.

After his term of office as State's Attorney for Baltimore City, Mr. Nice retired to the private practice of law and later, in 1934, again entered the field of politics by declaring for the Republican nomination for Governor. In this contest, Mr. Nice was successful over two very formidable opponents and again received his party's nomination for the office of Governor of Maryland.

In the November election following, (1934), Mr. Nice defeated his Democratic opponent, the then incumbent Governor Ritchie, who likewise opposed him in 1919, by a margin of more than 6000 votes. Governor Nice is the 3rd Republican Governor to be elected in the State of Maryland over a period of 100 years.

Secretary of State: E. RAY JONES (Republican), Oakland, Maryland.

E. Ray Jones, son of Wilbur C. and Olive Bell Jones, was born at Deer Park, Garrett County, Maryland, December 14, 1886. His father, now retired and living at Columbus, Ohio, was for many years a merchant at Deer Park and active in county affairs. He is married and has four children, the oldest now a student in the University of Maryland Law School. He also has a brother and three sisters living at Columbus. His mother is deceased. His preliminary education was obtained in the public schools of Garrett County, after which he was a student in West Virginia Wesleyan College, Buckhannon, West Virginia, and Ohio Wesleyan University, Delaware, Ohio, from which latter institution he received his A. B. degree in 1910. In 1913, he graduated from the Law School of the University of Maryland and in the same year was admitted to the practice of law in Maryland.

Upon his admission to the Bar, Mr. Jones returned to his home county and entered upon the practice of his profession at Oakland, where he has since resided, practicing in the courts of both Maryland and West Virginia. He served one term as State's Attorney for Garrett County, 1916-1920, since which time he has been in private practice. In 1930 he formed a partnership with Mr. Walter W. Dawson, also of Oakland, under the firm name of Jones and Dawson. On July 1, 1936, he was appointed Secretary of State by Governor Nice to succeed Hon. Thomas L. Dawson, resigned.

Ever since his admission to the Bar, Mr. Jones has been active in state and county affairs, both civic and religious. He has been president of the Garrett County Bar Association and held important positions in a number of other organizations. He is a trustee of St. Paul's Methodist Episcopal Church, of Oakland, and also of West Virginia Wesleyan College. He is a member of the American Bar Association. He has also been active in the financial affairs of Garrett County and is a director of the First National Bank, of Oakland, and the First State Bank, of Grantsville. Since his appointment as Secretary of State he has been interested in inter-state problems as they affect Maryland and, by appointment of Governor Nice, is the first chairman of the Maryland Commission on Intergovernmental Cooperation, created by the Legislature of 1937. At the 1937 meeting of the National Association of Secretaries of State he was chosen a member of the Executive Committee of that organization.

Executive Secretary: ROBERT IRVIN, (Republican), Baltimore, Md.

Robert Irvin, son of David and Priscilla Morgan Irvin, was born in Baltimore and educated in the schools and high schools in the city. In 1915 he began a newspaper career with the old *Baltimore American* and then went with the *Baltimore News*. He served throughout the entire World War with Maryland troops and at the close of the combat was Regimental Sergeant Major with the 37th Regiment of the 41st Brigade—1st Army. On May 11th, 1918, Mr. Irvin married Miss Edward Myrtle Robinson. They have three children. At the close of the war he returned to the Reporterial staff of the *Baltimore News*. In 1927 he served as editor of the *Municipal Journal* and at the close of Mayor Broening's administration was political writer for the Hearst Newspapers. He was appointed Executive Secretary to Governor Nice as of December 1st, 1934.

the Region, Islands, Islets, and Limits aforesaid, to be had, exercised, used and enjoyed, as any Bishop of *Durham*, within the Bishoprick or County Palatine of *Durham*, in our Kingdom of *England*, ever heretofore hath had, held, used, or enjoyed, or of Right, could, or ought to have hold, use or enjoy.

V. And WE do by these Presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premises (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs and Successors, to HAVE, HOLD, POSSESS and ENJOY the aforesaid Region, Islands, Islets and other the Premises unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns forever. To HOLD of US our Heirs and Successors, Kings of *England*, as of our Castle of *Windsor*, in our County of *Berks*, in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite*, nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of *Windsor*, every Year, on Tuesday in Easter-week; and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions, of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our most especial Grace certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plentitude of our royal Power and Prerogative, WE do, for US, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. And forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs, and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind. WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full and absolute Power, by the Tenor of

these Presents, to Ordain, Make and Enact LAWS, of what kind soever, according to their sound Discretion, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall require by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs and duly to execute the same upon all Persons, for the Time being, with the aforesaid PROVINCE and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outwardbound, either to *England* or elsewhere, whether to any other Part or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment, whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE or his Heirs, shall seem most fitting; And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; and to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceeding, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætorian Judicatories, and Tribunals, in all Actions, Suits, Causes and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætorian: Which said Laws, so to be published as above said, WE will, enjoin, charge and command, to be most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed.

So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be no repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and Rights of this Our Kingdom of *England*.

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen to which it will be necessary to apply a Remedy before the Freeholders of the said PROVINCE, their Delegates or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain and by these Presents, for US, our Heirs and Successors do grant unto the said now Baron of BALTIMORE, and to his Heirs that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesome Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publicly to notify the same to all Persons whom the same in any wise do or may affect. Which Ordinances, WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Right of our Kingdom of *England*; and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life Freehold Goods or Chattels.

IX. FURTHERMORE that the new Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers WE, therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, License and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport themselves and their Families to the said PROVINCE, with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength at the Appointment of the aforesaid, now Baron of BALTIMORE, and his Heirs, for the

Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain and command that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland*; and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England*; also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever within our Kingdom of *England*, and other our Dominions, to inherit or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien, and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England*, freely, quietly and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England*, without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and cheerful Mind, KNOW YE, that WE of our especial Grace, certain Knowledge, and mere Motion, do, by the aforesaid Baron of BALTIMORE and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immovable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE without the Impediment or Molestation of US, our Heirs or

Successors, of any officers of US, our Heirs or Successors (Saving unto US, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes), any Statute, Act, Ordinance or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions, as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs and Successors, do Give by these Presents, as full and unrestrained Power as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also WILL, and by this our CHARTER, do Give unto the aforesaid now baron of BALTIMORE, and to his Heirs and Assigns, Power, Liberty and Authority, that, in Case of Rebellion, sudden Tumult or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the PROVINCE aforesaid, or upon the High Sea in making a Voyage to the said PROVINCE of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of any Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves from the Government of him or them, refusing to serve in War, Deserters, to the Enemy, exceeding their Leave of Absence, flying over or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, We, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards, Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into Burroughs, and Burroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premises, which to him or them shall seem fitting and convenient; even although they shall be such as in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. WE WILL also, and by these Presents do, for US, our Heirs and Successors, give and grant License by this our CHARTER, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and to all Persons whatsoever, who are, or shall be, Residents and Inhabitants of the PROVINCE aforesaid, freely to import and unlade, by themselves, their Servants, Factors or Assigns, all Wares and Merchandizes whatsoever, which shall be collected out of the Fruits and Commodities of the said PROVINCE, whether the Product of the Land or the Sea, into any of the Ports whatsoever of US, our Heirs and Successors, of *England* or *Ireland*, or otherwise to dispose of the same there; and, if Need be, within One Year, to be computed immediately from the Time of unlading thereof, to lade the same Merchandizes again in the same or other Ships, and to export the same to any other Countries they shall think proper, whether belonging to US, or any foreign Power, which shall be in Amity with US, our Heirs or Successors; Provided always, that they be bound to pay for the same to US, our Heirs and Successors, such Customs and Impositions, Subsidies and Taxes, as our other Subjects of the Kingdom of *England*, for the Time being shall be bound to pay, beyond which WE WILL that the Inhabitants of the aforesaid PROVINCE of the said Land, called MARYLAND, shall not be burdened.

XVI. AND FURTHERMORE, of our more ample special

Grace, and of our certain Knowledge, and mere Motion, WE do for US, our Heirs and Successors, grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Power and Authority to make, erect and constitute, within the PROVINCE of MARYLAND, and the Islands and Islets aforesaid, such, and so many Sea-Ports, Harbours, Creeks, and other Places of Unlading and Discharge of Goods and Merchandize out of Ships, Boats and other Vessels, and of Lading in the same, and in so many, and such places, and with such rights, Jurisdictions, liberties and privileges, unto such Ports respecting, as to him or them shall seem most expedient: And, that all and every the Ships, Boats and other Vessels whatsoever, coming to, or going from the PROVINCE aforesaid, for the Sake of Merchandizing, shall be laden and unladen at such Ports only as shall be so erected and constituted by the said now Baron of BALTIMORE, his Heirs and Assigns, and Usage, Custom, or any other Thing whatsoever to the contrary notwithstanding, SAVING always to US, our Heirs and Successors, and to all the Subjects of our Kingdoms of *England* and *Ireland*, of US, our Heirs and Successors, the Liberty of Fishing for Sea-Fish as well in the Sea, Bays, Straits and navigable Rivers, as in the Harbours, Bays, and Creeks of the PROVINCE aforesaid; and the Privilege of Salting and Drying Fish on the Shores of the same PROVINCE, and for that Cause, to cut down and take Hedging-Wood and Twigs there growing, and to build Huts and Cabbins, necessary in this Behalf in the same Manner as heretofore they reasonably might, or have used to do. Which Liberties and Privileges, the said Subject of US, our Heirs and Successors shall enjoy without notable Damage or Injury in any wise to be done to the aforesaid now Baron of BALTIMORE, his Heirs or Assigns, or to the Residents and Inhabitants of the same PROVINCE in the Ports, Creeks and Shores aforesaid, and especially in the Woods and Trees there growing. And if any Person shall do damage or Injury of this kind he shall incur the Peril and Pain of the heavy Displeasure of US, our Heirs and Successors, and of the due Chastisement of the Laws, besides making Satisfaction.

XVII. MOREOVER, WE will, appoint, and ordain and by these Presents, or US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that the same Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, for ever, shall have, and enjoy the Taxes and Subsidies payable, or arising within the Ports, Harbours and other Creeks and Places

aforesaid, within the PROVINCE aforesaid, for Wares bought and sold, and Things there to be laden and unladen, to be reasonably assessed by them, and the People there as aforesaid, on emergent Occasion; to whom WE grant Power and by these Presents, for US, our Heirs and Successors to assess and impose the said Taxes and Subsidies there, upon just Cause, and in due Proportion.

XVIII. AND FURTHERMORE, of our special Grace and certain Knowledge, and mere Motion, WE have given, granted and confirmed, and by these Presents, for US, our Heirs and Successors, do give, grant, and confirm, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute License, Power and Authority that he, the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, hereafter, for ever, may and can, at his or their Will and Pleasure, assign, alien, grant, demise, or enfeoff so many, such and proportionate Parts and Parcels of the Premises, to any Person or Persons, willing to purchase the same, as they shall think convenient, to have and to hold to the same Person or Persons willing to take or purchase the same, and his and their Heirs and Assigns, in Fee-Simple, of Fee-tail, or for Term of Life, Lives or Years; to hold of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, by so many, such and so great Services, Customs and Rents OF THIS KIND, as to the same now Baron of BALTIMORE, his Heirs and Assigns, shall seem fit and agreeable, and not immediately of US, our Heirs or Successors. And WE do give, and by these Presents, for US, our Heirs or Successors, do grant to the same Person and Persons, and to each and every of them, License, Authority and Power, that such Person or Persons, may take the premises, or any Parcel thereof, of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and hold the same to them and their Assigns, or their Heirs of the aforesaid Baron of BALTIMORE, his Heirs and Assigns of what Estate of Inheritance soever, in Fee-Simple or Fee-tail, or otherwise, as to them and the now Baron of BALTIMORE, his Heirs and Assigns, shall seem expedient; the Statute made in the Parliament of Lord EDWARD, son of King HENRY, the late King of *England*, our Progenitor, commonly called the "STATUTE QUIA EMPTORES TERRARUM," heretofore published in our Kingdom of *England*, or any other Statute, Act, Ordinance, Usage, Law, or Custom, or any other Things, Cause, or Matter, to the contrary thereof, heretofore had, done, published, ordained or provided to the contrary thereof notwithstanding.

XIX. WE, also, by these Presents, do give and grant License to the same Baron of BALTIMORE. and to his Heirs, to erect any Parcels of Land within the PROVINCE aforesaid, into Manors, and in every of those Manors, to have and to hold a Court-Baron, and all Things which to a Court-Baron do belong: and to have and to keep View of Frank-Pledge, for the Conservation of the Peace and Better Government of those Parts, by themselves and their Stewards, or by the Lords, for the Time being to be deputed, of other of those Manors, when they shall be constituted, and in the same to exercise all Things to the View of Frank-Pledge belonging.

XX. AND FURTHER, WE will, and do, by these Presents, for US, our Heirs and Successors, covenant and grant to, and with the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that We, our Heirs and Successors, at no Time hereafter will impose, or make or cause to be imposed, any Impositions, Customs, or other Taxations, Quotas or Contributions whatsoever, in or upon the Residents or Inhabitants of the PROVINCE aforesaid, for their Goods, Lands, or Tenements within the same PROVINCE, or upon any tenements, lands, goods of chattels within the PROVINCE, aforesaid, or in or upon any Goods or Merchandizes within the PROVINCE aforesaid, or within the Ports or Harbours of the said PROVINCE, to be laden or unladen: And WE Will and do, for US, our Heirs and Successors, enjoin and command that this our Declaration shall from Time to Time, be received and allowed in all our Courts and Prætorian Judicatories, and before all the Judges whatsoever of US, our Heirs and Successors, for a sufficient and lawful Discharge, Payment and Acquittance thereof, charging all and singular the Officers and Ministers of US, our Heirs and Successors, and enjoining them, under our heavy Displeasure, that they do not at any Time presume to attempt any Thing to the contrary of the Premises, or that may in any wise contravene the same, but that they, at all Times as is fitting, do aid and assist the aforesaid now Baron of BALTIMORE, and his Heirs, and the aforesaid Inhabitants and Merchants of the PROVINCE of MARYLAND aforesaid, and their Servants and Ministers, Factors and Assigns, in the fullest Use and Enjoyment of this our CHARTER.

XXI. AND FURTHERMORE WE WILL, and by these Presents, for US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns and to the Freeholders and Inhabitants of the said PROVINCE, both present and to come, and to every of them,

that the said PROVINCE and the Freeholders or Inhabitants of the said Colony or Country, shall not henceforth be held or reputed a member or Part of the Land of *Virginia* or of any other Colony already transported, or heerafter to be transported, or to be dependent on the same, or subordinate in any kind of Government, from which WE do separate both the said PROVINCE, and Inhabitants thereof, and by these presents do WILL to be distinct, and that they may be immediately subject to our Crown of *England*, and dependent on the same for ever.

XXII. AND if, peradventure, hereafter it may happen that any Doubts or Questions should arise concerning the true Sense and Meaning of any Word, Clause or Sentence, contained in this our present CHARTER, WE will, charge and command, THAT Interpretation to be applied, always, and in all Things, and in all our Courts and Judicatories whatsoever, to obtain which shall be judged to be the more beneficial, profitable, and favourable to the aforesaid now Baron of BALTIMORE, his Heirs and Assigns: PROVIDED always that no Interpretation thereof be made, whereby GOD'S holy and true Christian Religion, or the Allegiance due to US, our Heirs and Successors, may in any wise suffer by Change, Prejudice, or Diminution; although express Mention be not made in these Presents of the true yearly Value or Certainty of the Premises, or any Part thereof, or of other Gifts and Grants made by US, our Heirs and Predecessors, unto the said now Lord BALTIMORE, or any Statute, Act, Ordinance, Provision, Proclamation or Restraint heretofore had, made, published, ordained or provided, or any other Thing, Cause or Matter Whatsoever, to the contrary thereof in any wise notwithstanding.

XXIII. IN WITNESS whereof We have caused these our Letters to be made Patent. WITNESS OURSELVES at *Westminster*, the Twentieth Day of *June*, in the Eighth Year of our Reign. (June 20, 1632.)

CONSTITUTION OF MARYLAND

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND THIRTY-SIX.

DECLARATION OF RIGHTS

We, the people of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made or which shall be made in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby, anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the People thereof.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof as a free, sovereign and independent State.

Art. 5. That the inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that law, and to the benefit of such of the English statutes as existed on the Fourth day

of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from or under the Charter granted by His Majesty, Charles the First, to Cæcilius Calvert, Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are Trustees of the Public, and as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought to reform the old, or establish a new Government, the doctrine of nonresistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

Art. 7. That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose elections ought to be free and frequent, and every white* male** citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

* The word "white" omitted under the 15th Amendment to the Constitution of the United States.

** The word "male" became inoperative under the 19th Amendment to the Constitution of the United States.

Art. 12. That for redress of grievances, and for amending, strengthening, and for preserving the laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceful and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated, or levied, under any pretense, without the consent of the Legislature.

*Art. 15. That the levying of taxes by the poll is grievous and oppressive and ought to be prohibited; that paupers ought not to be assessed for the support of the government; that the General Assembly shall, by uniform rules, provide for separate assessment of land and classification and sub-classifications of improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the counties and by the City of Baltimore for their respective purposes, shall be uniform as to land within the taxing district, and uniform within the class or sub-class of improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet fines, duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Art. 16. That sanguinary Laws ought to be avoided as far as it is consistent with the safety of the State; and no Law to inflict cruel and unusual pains and penalties ought to be made in any case, or at any time, hereafter.

Art. 17. That retrospective Laws, punishing acts committed before the existence of such Laws, and by them only declared criminal are oppressive, unjust and incompatible with liberty; wherefore, no *ex post facto* Law ought to be made; nor any retrospective oath or restriction be imposed or required.

Art. 18. That no Law to attain particular persons of treason or felony, ought to be made in any case, or at any time, hereafter.

Art. 19. That every man, for any injury done to him in his person or property ought to have remedy by the course of the Law of the Land, and ought to have justice and right, freely without sale, fully without any denial, and speedily without delay, according to Law of the Land.

* Thus amended by Chapter 390, 1914. Ratified November 2, 1915.

Art. 20. That the trial of facts, where they arise, is one of the greatest securities of the lives, liberties and estate of the People.

Art. 21. That in all criminal prosecutions, every man hath a right to be informed of the accusation against him; to have a copy of the Indictment, or Charge in due time (if required) to prepare for his defence; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath; and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.

Art. 22. That no man ought to be compelled to give evidence against himself in a criminal case.

Art. 23. That no man ought to be taken or imprisoned or disseized of his freehold, liberties or privileges, or outlawed, or exiled, or in any manner destroyed, or deprived of his life, liberty or property, but by the judgment of his peers, or by the Law of the Land.

Art. 24. That slavery shall not be re-established in this State; but, having been abolished, under the policy and authority of the United States compensation, in consideration thereof, is due from the United States.

Art. 25. That excessive bail ought not to be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted by the Courts of Law.

Art. 26. That all warrants, without oath or affirmation, to search suspected places, or to seize any person or property, are grievous and oppressive; and all general warrants to search suspected places, or to apprehend suspected persons, without naming or describing the place, or the person in special, are illegal, and ought not to be granted.

Art. 27. That no conviction shall work corruption of blood or forfeiture of estate.

Art. 28. That a well regulated Militia is the proper and natural defence of a free government.

Art. 29. That Standing Armies are dangerous to liberty, and ought not to be raised, or kept up, without the consent of the Legislature.

Art. 30. That in all cases, and at all times, the military ought to be under strict subordination to, and control of, the civil power.

Art. 31. That no soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, except in the manner prescribed by Law.

Art. 32. That no person except regular soldiers, marines, and mariners in the service of this State, or militia, when in actual service, ought, in any case, to be subject to, or punishable by Martial Law.

Art. 33. That the independency and uprightness of Judges are essential to the impartial administration of Justice, and a great security to the rights and liberties of the People; wherefore, the Judges shall not be removed, except in the manner, and for the causes, provided in this Constitution. No Judge shall hold any other office, civil or military or political trust, or employment of any kind whatsoever, under the Constitution or Laws of this State, or of the United States, or any of them; or receive fees, or perquisites of any kind, for the discharge of his official duties.

Art. 34. That a long continuance in the Executive Departments of power or trust is dangerous to liberty; a rotation, therefore, in those Departments is one of the best securities of permanent freedom.

Art. 35. That no person shall hold, at the same time more than one office of profit, created by the Constitution or Laws of this State; nor shall any person in public trust receive any present from any foreign Prince or States, or from the United States, or any of them, without the approbation of this State.

Art. 36. That as it is the duty of every man to worship God in such manner as he thinks most acceptable to Him, all persons are equally entitled to protection in their religious liberty; wherefore, no person ought, by any law to be molested in his person or estate, on account of his religious persuasion or profession, or for his religious practice, unless, under the color of religion, he shall disturb the good order, peace or safety of the State, or shall infringe the laws of morality, or injure others in their natural, civil or religious rights; nor ought any person to be compelled to maintain any place of worship or any ministry; nor shall any person, otherwise competent, be deemed incompetent as a witness, or juror, on account of his religious belief; provided, he believes in the existence of God, and that under His dispensation such person will be held morally accountable for his acts, and be rewarded or punished therefor in this world or the world to come.

Art. 37. That no religious test ought ever to be required as a qualification for any office of profit or trust in this State, other than a declaration of belief in the existence of God; nor shall the legislature prescribe any other oath of office than the oath prescribed by this Constitution.

Art. 38. That every gift, sale or devise of land to any Minister, Public Teacher or Preacher of the Gospel, as such, or to any Religious Sect, Order or Denomination, or to, or for the support, use or benefit of, or in trust for, any Minister, Public Teacher or Preacher of the Gospel, as such, or any Religious Sect, Order or Denomination; and every gift or sale of goods, chattels, to go in succession, or to take place after the death of the Seller or Donor, to or for such support, use or benefit; and also every devise of goods or chattels to or for the support, use or benefit of any Minister, Public Teacher or Preacher of the Gospel, as such, or any Religious Sect, Order or Denomination, without the prior or subsequent sanction of the Legislature, shall be void; except always, any sale, gift, lease or devise of any quantity of land, not exceeding five acres, for a church, meeting-house, or other house of worship, or parsonage, or for a burying-ground, which shall be improved, enjoyed or used only for such purpose; or such sale, gift, lease or devise shall be void.

Art. 39. That the manner of administering the oath or affirmation to any person ought to be such as those of the religious persuasion, profession, or denomination, of which he is a member, generally esteem the most effectual confirmation by the attestation of the Divine Being.

Art. 40. That the liberty of the press ought to be inviolably preserved; that every citizen of the State ought to be allowed to speak, write and publish his sentiments on all subjects, being responsible for the abuse of that privilege.

Art. 41. That monopolies are odious, contrary to the spirit of a free government and the principles of commerce, and ought not to be suffered.

Art. 42. That no title or hereditary honors ought to be granted in this State.

Art. 43. That the Legislature ought to encourage the diffusion of knowledge and virtue, the extension of a judicious system of general education, the promotion of literature, the arts, sciences, agriculture, commerce and manufactures, and the general amelioration of the condition of the people.

Art. 44. That the provisions of the Constitution of the United States, and of this State, apply as well in time of war as in time of peace; and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government and tends to anarchy and despotism.

Art. 45. This enumeration of Rights shall not be construed to impair or deny others retained by the People.

SEC. 3. If any person shall give, or offer to give, directly or indirectly, any bribe, present or reward, or any promise, or any security, for the payment or delivery of money, or any other thing, to induce any voter to refrain from casting his vote, or to prevent him in any way from voting, or to procure a vote for any candidate or person proposed, or voted for as an elector of President and Vice-President of the United States, or Representative in Congress or for any office of profit or trust, created by the Constitution or Laws of this State, or by the Ordinances, or authority of the Mayor and City Council of Baltimore, the person giving, or offering to give and the person receiving the same, and any person who gives or causes to be given, an illegal vote, knowing it to be such, at any election to be hereafter held in this State, shall, on conviction in a Court of Law, in addition to the penalties now or hereafter to be imposed by law, be forever disqualified to hold any office of profit or trust, or to vote at any election thereafter.

But the General Assembly may, in its discretion, remove the above penalty and all other penalties upon the vote seller so as to place the penalties for the purchase of votes on the vote buyer alone.*

SEC. 4. It shall be the duty of the General Assembly to pass Laws to punish, with fine and imprisonment, any person who shall remove into any election district or precinct of any ward of the city of Baltimore, not for the purpose of acquiring a *bona fide* residence therein, but for the purpose of voting at an approaching election, or who shall vote in any election district or ward in which he does not reside (except in the case provided for in this Article), or shall, at the same election, vote in more than one election district, or precinct, or shall vote, or offer to vote, in any name not his own, or in place of any other person of the same name, or shall vote in any county in which he does not reside.

SEC. 5. The General Assembly shall provide by law for a uniform Registration of the names of all the voters in this State who possess the qualifications prescribed in this Article, which Registration shall be conclusive evidence to the Judges of election of the right of every person thus registered to vote at any election thereafter held in this State; but no person shall vote in any election Federal, or State, hereafter to be held in this State, or at any municipal election in the city of Baltimore, unless his name appears in

the list of registered voters: and until the General Assembly shall hereafter pass an Act for the Registration of the names of voters, the law in force on the first day of June, in the year eighteen hundred and sixty-seven, in reference thereto, shall be continued in force, except so far as it may be inconsistent with the provisions of this Constitution; and the registry of voters, made in pursuance thereof, may be corrected, as provided in said law; but the names of all persons shall be added to the list of qualified voters by the officers of Registration, who have the qualifications prescribed in the first section of this Article, and who are not disqualified under the provisions of the second and third sections thereof.

SEC. 6. Every person elected or appointed to any office of profit or trust, under this Constitution, or under the laws, made pursuant thereto, shall, before he enters upon the duties of such office, take and subscribe the following oath or affirmation: I, ———, do swear, (or affirm, as the case may be) that I will support the Constitution of the United States; and that I will be faithful and bear true allegiance to the State of Maryland, and support the Constitution and Laws thereof; and that I will, to the best of my skill and judgment, diligently and faithfully, without partiality or prejudice execute the office of ———, according to the Constitution and Laws of this State, (and if a Governor, Senator, Member of the House of Delegates, or Judge), that I will not, directly or indirectly, receive the profits or any part of the profits of any other office during the term of my acting as———.

SEC. 7. Every person hereafter elected or appointed to office in this State, who shall refuse or neglect to take the oath or affirmation of office provided for in the sixth section of this Article, shall be considered as having refused to accept the said office; and a new election or appointment shall be made; as in case of refusal to accept, or resignation of any office; and any person violating said oath shall, on conviction thereof, in a Court of Law, in addition to the penalties now or hereafter to be imposed by law, be thereafter incapable of holding any office of profit or trust in this State.

ARTICLE II.

EXECUTIVE DEPARTMENT.

SECTION 1. The executive power of the State will be vested in a Governor, whose term of office shall commence on the second Wednesday of January next ensuing his elec-

tion, and continue for four years, and until his successor shall have qualified; but the Governor chosen at the first election under this Constitution shall not enter upon the discharge of the duties of the office until the expiration of the term for which the present incumbent was elected; unless the said office shall become vacant by death, resignation, removal from the State, or other disqualification of the said incumbent.

SEC. 2. An election for Governor, under this Constitution, shall be held on the Tuesday next after the first Monday of November, in the year eighteen hundred and sixty-seven, and on the same day and month in every fourth year thereafter, at the places for voting for delegates to the General Assembly;¹ and every person qualified to vote for Delegates shall be qualified and entitled to vote for Governor; the election to be held in the same manner as the election of Delegates, and the returns thereof under seal to be addressed to the Speaker of the House of Delegates, and enclosed and transmitted to the Secretary of State, and delivered to said Speaker, at the commencement of the session of the General Assembly next ensuing said election.

SEC. 3. The Speaker of the House of Delegates shall then open the said returns in the presence of both Houses; and the person having the highest number of votes, and being constitutionally eligible, shall be the Governor, and shall qualify, in the manner herein prescribed, on the second Wednesday of January next ensuing his election, or as soon thereafter as may be practicable.

SEC. 4. If two or more persons shall have the highest and an equal number of votes for Governor, one of them shall be chosen Governor by the Senate and House of Delegates, and all questions in relation to the eligibility of Governor, and to the returns of said election, and to the number and legality of voters therein given, shall be determined by the House of Delegates; and if the person or persons, having the highest number of votes, be ineligible, the Governor shall be chosen by the Senate and House of Delegates. Every election of Governor by the General Assembly shall be determined by a joint majority of the Senate and House of Delegates, and the vote shall be taken *viva voce*. But if two or more persons shall have the highest and an equal number of votes, then a second vote shall be taken, which shall be confined to the persons having an equal number; and if the vote shall again be equal, then the election of Governor shall be determined by lot between those who shall have the highest and an equal number on the first vote.

¹This section amended by Article XVII, Sections 2 and 3.

SEC. 5. A person to be eligible to the office of Governor must have attained the age of thirty years, and must have been for ten years a citizen of the State of Maryland, and for five years next preceding his election a resident of the State, and, at the time of his election, a qualified voter therein.

SEC. 6. In the case of death or resignation of the Governor, or of his removal from the State, or other disqualification, the General Assembly, if in session, or if not, at their next session, shall elect some other qualified person to be Governor for the residue of the term for which the said Governor had been elected.

SEC. 7. In case of any vacancy in the office of Governor, during the recess of the Legislature, the President of the Senate shall discharge the duties of said office, until a Governor is elected, as herein provided for; and in case of the death or resignation of the said President, or of his removal from the State, or of his refusal to serve, then, the duties of said office shall, in like manner, and for the same interval, devolve upon the Speaker of the House of Delegates. And the Legislature may provide by Law, for the impeachment of the Governor; and in case of his conviction, or his inability, may declare what person shall perform the Executive duties; and for any vacancy in said office not herein provided for, provision may be made by Law; and if such vacancy should occur without such provision being made, the Legislature shall be convened by the Secretary of State for the purpose of filling said vacancy.

SEC. 8. The Governor shall be the Commander-in-Chief of the land and naval forces of the State; and may call out the Militia to repel invasions, suppress insurrections, and enforce the execution of the Laws; but shall not take the command in person, without the consent of the Legislature.

SEC. 9. He shall take care that the Laws are faithfully executed.

SEC. 10. He shall nominate, and by and with the advice and consent of the Senate, appoint all civil and military officers of the State, whose appointment or election is not otherwise herein provided for; unless a different mode of appointment be prescribed by the law creating the office.

SEC. 11. In case of any vacancy during the recess of the Senate, in any office which the Governor has power to fill, he shall appoint some suitable person to said office, whose commission shall continue in force until the end of the next session of the Legislature, or until some other person is appointed to the same office, whichever shall first occur;

and the nomination of the person thus appointed during the recess, or of some other person in his place, shall be made to the Senate within thirty days after the next meeting of the Legislature.

SEC. 12. No person, after being rejected by the Senate, shall be again nominated for the same office at the same session, unless at the request of the Senate; or be appointed to the same office during the recess of the Legislature.

SEC. 13. All civil officers appointed by the Governor and Senate, shall be nominated to the Senate within fifty days from the commencement of each regular session of the Legislature; and their term of office, except in cases otherwise provided for in this Constitution, shall commence on the first Monday of May next ensuing their appointment, and continue for two years, (unless removed from office), and until their successors, respectively, qualify according to Law; but the term of office of the Inspectors of Tobacco shall commence on the first Monday of March next ensuing their appointment.

SEC. 14. If a vacancy shall occur during the session of the Senate, in any office which the Governor and Senate have the power to fill, the Governor shall nominate to the Senate, before its final adjournment, a proper person to fill said vacancy, unless such vacancy occurs within ten days before said final adjournment.

SEC. 15. The Governor may suspend or arrest any military officer of the State for disobedience of orders or other military offense; and may remove him in pursuance of the sentence of a Court-Martial; and may remove for incompetency or misconduct, all civil officers who received appointment from the Executive for a term of years.

SEC. 16. The Governor shall convene the Legislature, or the Senate alone, on extraordinary occasions; and whenever from the presence of any enemy, or from any other cause, the Seat of Government shall become an unsafe place for the meeting of the Legislature, he may direct their sessions to be held at some other convenient place.

SEC. 17. To guard against hasty or partial legislation and encroachments of the Legislative Department, upon the co-ordinate, Executive and Judicial Departments, every Bill which shall have passed the House of Delegates, and the Senate shall, before it becomes a law, be presented to the Governor of the State; if he approves he shall sign it, but if not he shall return it with his objections to the House in which it originated, which House shall enter the objections at large on its Journal and proceed to reconsider the

Bill; if, after such reconsideration, three-fifths of the members elected to that House shall pass the Bill, it shall be sent with the objections to the other House, by which it shall likewise be reconsidered, and if it pass by three-fifths of the members elected to that House it shall become a law; but in all cases the votes of both Houses shall be determined by yeas and nays, and the names of the persons voting for and against the Bill shall be entered on the Journal of each House, respectively. If any bill shall not be returned by the Governor within six days (Sundays excepted), after it shall have been presented to him, the same shall be a law in like manner as if he signed it, unless the General Assembly shall, by adjournment, prevent its return, in which case it shall not be a law.

The Governor shall have power to disapprove of any item or items of any Bills making appropriations of money embracing distinct items, and the part or parts of the Bill approved shall be the law, and the item or items of appropriations disapproved shall be void unless repassed according to the rules or limitations prescribed for the passage of other Bills over the Executive veto.*

SEC. 18. It shall be the duty of the Governor, semi-annually (and oftener, if he deems it expedient) to examine under oath the Treasurer and Comptroller of the State on all matters pertaining to their respective offices, and inspect and review their bank and other account books.

SEC. 19. He shall, from time to time, inform the Legislature of the condition of the State, and recommend to their consideration such measures as he may judge necessary and expedient.

SEC. 20. He shall have power to grant reprieves and pardons, except in cases of impeachment, and in cases in which he is prohibited by other Articles of this Constitution; and to remit fines and forfeitures for offences against the State; but shall not remit the principal or interest of any debt due the State, except in cases of fines and forfeitures; and before granting a *nolle prosequi*, or pardon, he shall give notice, in one or more newspapers, of the application made for it, and of the day on or after which his decision will be given; and in every case in which he exercises this power, he shall report to either Branch of the Legislature, whenever required, the petitions, recommendations and reasons which influenced his decisions.

SEC. 21. The Governor shall reside at the seat of govern-

ment, and receive for his services an annual salary of four thousand five hundred dollars.

SEC. 22. The Secretary of State shall be appointed by the Governor, by and with the advice and consent of the Senate, who shall continue in office, unless sooner removed by the Governor, till the end of the official term of the Governor from whom he received his appointment, and receive an annual salary of two thousand dollars, and shall reside at the seat of government; and the office of Private Secretary shall thenceforth cease.

SEC. 23. The Secretary of State shall carefully keep and preserve a record of all official acts and proceedings, which may at all times be inspected by a committee of either branch of the Legislature; and he shall perform such other duties as may be prescribed by law, or as may properly belong to his office, together with all clerical duty belonging to the Executive Department.

General Assembly for the session at which the Budget is to be submitted, the Governor shall submit to the General Assembly two budgets, one for each of the ensuing fiscal years. Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) the revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the Governor may desire to make as to the important features of any budget and any suggestion as to methods for reduction or increase of the State's revenue.

Second. Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) for the General Assembly as certified to the Governor in the manner hereinafter provided; (2) for the Executive Department; (3) for the Judiciary Department, as provided by law, certified to the Governor by the Comptroller; (4) to pay and discharge the principal and interest of the debt of the State of Maryland in conformity with Section 34 of Article III of the Constitution, and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the establishment and maintenance throughout the State of a thorough and efficient system of public schools in conformity with Article VIII of the Constitution and with the laws of the State; (7) for such other purposes as are set forth in the Constitution of the State.

Third. The second part shall be designated "General Appropriations," and shall include all other estimates of appropriations.

The Governor shall deliver to the presiding officer of each House the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each House shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Governor may, before final action thereon by the General Assembly, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the General Assembly by delivering such an amendment or supplement to the presiding offi-

The General Assembly shall not amend the budget bill so as to affect either the obligations of the State under Section 34 of Article III of the Constitution, or the provisions made by the laws of the State for the establishment and maintenance of a system of public schools, or the payment of any salaries required to be paid by the State of Maryland by the Constitution thereof; and the General Assembly may amend the bill by increasing or diminishing the items therein relating to the General Assembly, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein, provided, however, that the salary or compensation of any public officer shall not be decreased during his term of office; and such bill when and as passed by both Houses shall be a law immediately without further action by the Governor.

Fourth. The Governor and such representatives of the executive departments, boards, officers and commissions of the State expending or applying for State's money, as have been designated by the Governor for this purpose, shall have the right, and when requested by either House of the Legislature, it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Sub-Section C: Supplementary Appropriation Bills:— Neither House shall consider other appropriations until the Budget Bill has been finally acted upon by both Houses, and no such other appropriation shall be valid except in accordance with the provisions following: (1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a Supplementary Appropriation Bill; (2) Each Supplementary Appropriation Bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in said Bill; (3) No Supplementary Appropriation Bill shall become a law unless it be passed in each House by a vote of a majority of the whole number of the members elected; and the yeas and nays recorded on its final passage; (4) Each Supplementary Appropriation Bill shall be presented to the Governor of the State as provided in Section 17 of Article II

of the Constitution and thereafter all the provisions of said Section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing at any time in accordance with the provisions of Section 28 of Article III of the Constitution and subject to the Governor's power of approval as provided in Section 17 of Article II of the Constitution an appropriation bill to provide for the payment of any obligation of the State of Maryland within the protection of Section 10 of Article I of the Constitution of the United States.

Sub-Section D: General Provisions:—First. If the Budget Bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second. The Governor for the purpose of making up his budgets shall have the power, and it shall be his duty, to require from the proper State officials, including herein all executive departments, all executive and administrative offices, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for State moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the Legislative Department, certified by the presiding officer of each House, of the Judiciary, as provided by law, certified by the Comptroller, and for the public schools, as provided by law, shall be transmitted to the Governor, in such form and at such times as he shall direct, and shall be included in the budget without revision.

The Governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and of all institutions applying for State moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third. The Legislature may, from time to time, enact such laws not inconsistent with this Section, as may be necessary and proper to carry out its provisions.

Fourth. In the event of any inconsistency between any of the provisions of this Section and any of the other provisions of the Constitution, the provisions of this Section shall pre-

vail. But nothing herein shall in any manner affect the provisions of Section 34 of Article III of the Constitution or of any laws heretofore or hereafter passed in pursuance thereof, or be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by Section 16 of Article II, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this Section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.*

SEC. 53. No person shall be incompetent, as a witness, on account of race or color, unless hereafter so declared by Act of the General Assembly.

SEC. 54. No county of this State shall contract any debt, or obligation in the construction of any railroad, canal, or other work of internal improvement, nor give, or loan its credit to or in aid of any association, or corporation, unless authorized by an Act of the General Assembly, which shall be published for two months before the next election for members of the House of Delegates in the newspapers published in such county, and shall also be approved by a majority of all the members elected to each House of the General Assembly, at its next session after said election.

SEC. 55. The General Assembly shall pass no law suspending the privilege of the writ of *habeas corpus*.

SECTION 1. The judicial power of this State shall be vested in a Court of Appeals, Circuit Courts, Orphans' Courts, such Courts for the city of Baltimore as are hereinafter provided for, and Justices of the Peace; all said Courts shall be Courts of Record, and each shall have a seal to be used in the authentication of all process issuing therefrom. The process and official character of Justices of the Peace shall be authenticated as hath heretofore been practiced in this State, or may hereafter be prescribed by law.

SEC. 2. The judges of all of the said courts shall be citizens of the State of Maryland, and qualified voters under this Constitution, and shall have resided therein not less than five years, and not less than six months next preceding their election or appointment in the judicial circuit, as the case may be, for which they may be respectively elected or appointed. They shall be not less than thirty years of age at the time of their election or appointment, and shall be selected from those who have been admitted to practice law in this State, and who are most distinguished for integrity, wisdom and sound legal knowledge.

SEC. 3. The Judges of the said several Courts shall be elected in the counties by the qualified voters in their respective Judicial Circuits as hereinafter provided, and in the City of Baltimore, at the general election to be held on the Tuesday after the first Monday in November, as now provided for in the Constitution. Each of the said Judges shall hold his office for the term of fifteen years from the time of his election, and until his successor is elected and qualified, or until he shall have attained the age of seventy years, whichever may first happen, and be re-eligible thereto until he shall have attained the age of seventy years, and not after. Provided, however, that any judge whose term has been extended beyond the age of seventy years by the General Assembly prior to April 7, 1931, shall be permitted to con-

In case of the inability of any of said Judges to discharge his duties with efficiency, by reason of continued sickness, or of physical or mental infirmity, it shall be in the power of the General Assembly, two thirds of the members of each House concurring, with the approval of the Governor, to retire said Judge from office.*

SEC. 4. SEC. 5. After the election for judges, as hereinbefore provided, there shall be held in this State, in every fifteenth year thereafter, on the Tuesday after the first Monday in November of such year, an election for judges as herein provided; and in case of death, resignation, removal or disqualification by reason of age or otherwise of any judge, the Governor shall appoint a person duly qualified to fill said office, who shall hold the same until the next general election for members of the General Assembly, when a successor shall be elected, whose term of office shall be the same as hereinbefore provided, and upon the expiration of the term of fifteen years for which any judge may be elected to fill a vacancy, an election for his successor shall take place at the next general election for members of the General Assembly to occur upon or after the expiration of his said term; and the Governor shall appoint a person duly qualified to hold said office from the expiration of such term of fifteen years until the election and qualification of his successor.**

**Thus amended by Act of 1880, Chapter 417, ratified by the people at November election, 1881.

SEC. 8. The parties to any cause may submit the same to the court for determination without the aid of a jury and in all suits or actions at law, issues from the Orphans' Court or from any court sitting in equity, and in all cases of presentments or indictments for offences which are or may be punishable by death pending in any of the courts of law of this State having jurisdiction thereof upon suggestion in writing under oath of either of the parties to said proceedings, that such party can not have a fair and impartial trial in the court in which the same may be pending, the said court shall order and direct the record of proceedings in such suit or action, issue, presentment or indictment, to be transferred to some other court having jurisdiction in such case, for trial; but in all other cases of presentment or indictment pending in any of the courts of law in this State having jurisdiction thereof, in addition to the suggestion in writing of either, of the parties to such presentment or indictment that such party can not have a fair and impartial trial in the court in which the same may be pending, it shall be necessary for the party making such suggestion to make it satisfactorily appear to the court that such suggestion is true, or that there is reasonable ground for the same; and thereupon the said court shall order and direct the record of proceedings in such presentment or indictment to be transmitted to some other court having jurisdiction in such cases for trial; and such right of removal shall exist upon suggestion in cases when all the judges of said court may be disqualified, under the provisions of this Constitution to sit in any case; and said court to which the record of proceedings in such suit or action issue, presentment or indictment may be so transmitted, shall hear and determine the same in like manner as if such suit or action, issue, presentment or indictment had been originally instituted therein; and the General Assembly shall make such modification of existing law as may be necessary to regulate and give force to this provision.*

SEC. 9. The judge or judges of any court may appoint such officers for their respective courts as may be found necessary; and such officers of the Courts in the city of Baltimore shall be appointed by the judges of the Supreme Bench of Baltimore city. It shall be the duty of the General Assembly to prescribe by law a fixed compensation for all such officers, and said judge or judges shall from time to time investigate the expenses, costs and charges of their respective courts, with a view to a change or reduction thereof, and report the result of such investigation to the General Assembly for its action.

* Thus amended by Act of 1874, Chapter 364, ratified by the people at November election, 1875.

SEC. 10. And the office and business of said clerks, in all their departments, shall be subject to the visitorial power of the judges of their respective courts, who shall exercise the same, from time to time, so as to insure the faithful performance of the duties of said offices; and it shall be the duty of the judges of said courts, respectively, to make from time to time such rules and regulations as may be necessary and proper for the government of said clerks, and for the performance of the duties of their offices, which shall have the force of law until repealed or modified by the General Assembly.

SEC. 11. The election for judges hereinbefore provided, and all elections for Clerks, Registers of Wills and other officers provided in this Constitution, except State's Attorneys, shall be certified, and the returns made by the Clerks of the Circuit Courts of the counties, and the Clerk of the Superior Court of Baltimore city, respectively, to the Governor, who shall issue commissions to the different persons for the offices to which they shall have been respectively elected; and in all such elections the persons having the greatest number of votes shall be declared elected.

SEC. 12. If in any case of election for Judges, Clerks of the Courts of Law and Register of Wills, the opposing candidates shall have an equal number of votes, it shall be the duty of the Governor to order a new election; and in case of any contested election, the Governor shall send the returns to the House of Delegates, which shall judge of the election and qualification of the candidates at such election, and if the judgment shall be against the one who has been returned elected, or the one who has been commissioned by the Governor, the House of Delegates shall order a new election within thirty days.

SEC. 13. All public commissions and grants shall run thus: "The State of Maryland," etc., and shall be signed by the Governor, with the Seal of the State annexed; all writs and process shall run in the same style, and be tested, sealed and signed as heretofore, or as may hereafter be provided by law; and all indictments shall conclude, "against the peace, government and dignity of the State."

Part II—Court of Appeals.

SEC. 14. The Court of Appeals shall be composed of the Chief Judges of the first seven of the several judicial circuits of the State and a judge from the city of Baltimore specially elected thereto, one of whom shall be designated by the Governor, by and with the advice and consent of the Senate, as the Chief Judge; and in all cases until action by the Senate can be had, the judge so designated by the Governor shall act as Chief Judge. The Judge of the Court of Appeals from the city of Baltimore shall be elected by the qualified voters of said city at the election of judges to be held therein, as hereinbefore provided; and in addition to his duties as Judge of the Court of Appeals, shall perform such other duties as the General Assembly shall prescribe. The jurisdiction of said Court of Appeals shall be co-extensive with the limits of the State, and such as now is or may hereafter be prescribed by law. It shall hold its sessions in the city of Annapolis, on the first Monday in April, and the first Monday in October; [on the second Monday in January, the first Monday in April and the first Monday in October]* of each and every year, or at such other times as the General Assembly may by law direct. Its sessions shall continue not less than ten months in the year, if the business before it shall so require; and it shall be competent for the judges temporarily to transfer their sittings elsewhere upon sufficient cause.

SEC. 15. Four of said judges shall constitute a quorum; no cause shall be decided without the concurrence of at least three; but the judge who heard the cause below shall not participate in the decision; in every case an opinion, in writing, shall be filed within three months after the argument or submission of the cause; and the judgment of the court shall be final and conclusive; and all cases shall stand for hearing at the first term after the transmission of the record.

SEC. 16. Provision shall be made by law for publishing reports of all causes argued and determined in the Court of Appeals, which the judges shall designate as proper for publication.

SEC. 17. There shall be a Clerk of the Court of Appeals, who shall be elected by the legal and qualified voters of the State, who shall hold his office for six years, and until his successor is duly qualified;¹ he shall be subject to removal by the said court for incompetency, neglect of duty, misdemeanor in office, or such other cause or causes as may be prescribed by law; and in case of a vacancy in the office of said clerk, the Court of Appeals shall appoint a clerk of said

court, who shall hold his office until the election and qualification of his successor, who shall be elected at the next general election for members of the General Assembly; and the person so elected shall hold his office for the term of six years from the time of election.¹

SEC. 18. It shall be the duty of the Judges of the Court of Appeals, as soon after their election under this Constitution as practicable, to make and publish rules and regulations for the prosecution of appeals to said appellate court whereby they shall prescribe the periods within which appeals may be taken, what part or parts of the proceedings in the court below shall constitute the record on appeal and the manner in which such appeals shall be brought to hearing or determination, and shall regulate, generally, the practice of said Court of Appeals so as to prevent delays and promote brevity in all records and proceedings brought into said court, and to abolish and avoid all unnecessary costs and expenses in the prosecution of appeals therein; and the said judge shall make such reduction in the fees and expenses of the said court, as they may deem advisable. It shall also be the duty of said Judges of the Court of Appeals, as soon after their election as practicable, to devise and promulgate by rules or orders, forms and modes of framing and filing bills, answers and other proceedings and pleadings in equity; and also forms and modes of taking and obtaining evidence, to be used in equity cases; and to revise and regulate, generally, the practice in the Courts of Equity of this State, so as to prevent delays, and to promote brevity and conciseness in all pleadings and proceedings therein, and to abolish all unnecessary costs and expenses attending the same. And all rules and regulations hereby directed to be made shall, when made, have the force of law until rescinded, changed or modified by the said judges, or the General Assembly.

Part III—Circuit Courts.

SEC. 19. The State shall be divided into eight judicial circuits, in manner following, viz.: The counties of Worcester Somerset, Dorchester and Wicomico,* shall constitute the First Circuit; the counties of Caroline, Talbot, Queen Anne's, Kent and Cecil, the Second; the counties of Baltimore and Harford, the Third; the counties of Allegany, Washington and Garrett,† the Fourth; the counties of Carroll, Howard and Anne Arundel, the Fifth; the counties of Montgomery and Frederick, the Sixth; the counties of Prince George's, Charles, Calvert and St. Mary's, the Seventh, and Baltimore city, the Eighth.

¹Cf. *supra*.

*Wicomico formed since the adoption of this Constitution.

†Garrett formed since the adoption of this Constitution.

SEC. 20. A court shall be held in each county of the State, to be styled the Circuit Court for the county in which it may be held. The said Circuit Courts shall have and exercise, in the respective counties, all the power, authority and jurisdiction, original and appellate, which the present Circuit Courts of this State now have and exercise, or which may hereafter be prescribed by law.

SEC. 21. For each of the said circuits, excepting the eighth and the third and the sixth, there shall be a chief judge and two associate judges, to be styled judges of the Circuit Court, to be elected or appointed as herein provided, and for the third circuit and for the sixth circuit, there shall be a chief judge and three associate judges to be styled judges of the Circuit Court, to be elected or appointed as herein provided. And no two of said associate judges, for any of the said circuits, except the third and sixth circuits shall, at the time of their election or appointment or during the term for which they may have been elected or appointed, reside in the same county. If two or more persons shall be candidates for associate judge in the same county in any of the circuits, except the third and sixth circuits, that one only in said county shall be declared elected who has the highest number of votes in the circuit. In case any two candidates for associate judge in any of the circuits, except the third and sixth circuits, residing in the same county shall have an equal number of votes greater than any other candidates for associate judge in the circuit, it shall be the duty of the Governor to order a new election for one associate judge; but the person residing in any other county of the circuit and who has the highest number of votes shall be declared elected. The said judges shall hold not less than two terms of the Circuit Court in each of the counties composing their respective circuits, at such times as are now or may hereafter be prescribed to which jurors shall be summoned; and in those counties where only two such terms are held, two other and intermediate terms, to which jurors shall not be summoned; they may alter or fix the times for holding any or all terms, until otherwise prescribed, and shall adopt rules to the end that all business not requiring the interposition of the jury shall be, as far as practicable, disposed of at said intermediate terms. One judge in each of the above circuits, including the third and sixth circuits, shall constitute a quorum for the transaction of any business; and the said judges or any of them may hold special terms of their courts, whenever in their discretion, the business of the several counties renders such terms necessary. The additional associate judge for the third cir-

cuit herein provided for (shall be elected by the qualified voters of Baltimore and Harford Counties, at the first election that shall be held in said counties subsequent to the adoption of this amendment, and the judge so elected) shall be subject to the same constitutional provisions, hold his office for the same terms of years, receive the same compensation and have the same powers as are herein provided for the other associate judges in the third circuit.

The additional judge for the sixth circuit herein provided for shall be elected by the qualified voters of Frederick and Montgomery Counties at the first election that shall be held in said counties subsequent to the adoption of this amendment and none shall be appointed before that time. The judge so elected shall be subject to the same constitutional provisions, receive the same compensation and have the same powers as are herein provided for the other associate judges in the sixth circuit. The Chief Judge may be elected from either Frederick or Montgomery Counties, but when the Chief Judge is elected from Frederick County one of the associate judges shall be a resident of said County and the two remaining associate judges shall be residents of Montgomery County and when the Chief Judge is elected from Montgomery County one of the associate judges shall be a resident of said Montgomery County and the remaining two associate judges residents of Frederick County. In case any candidate or candidates for associate judge at any judicial election held in the sixth judicial circuit shall receive sufficient votes to cause such candidate or candidates to be declared elected, but the election of such candidate or candidates would cause more associate judges than herein permitted to reside in any county of said circuit, then and in that event only that candidate or those candidates, as the case may be, residing in said county in the order of the votes received shall be declared elected whose election would provide the permitted number of associate judges from said county and the candidate or candidates as the case may be, residing in the other county, and not similarly disqualified, who shall have the next highest number of votes in said election shall be declared elected. If, by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of associate judges duly qualified as to residence as above set out should not be elected at any election in said sixth judicial circuit, then it shall be the duty of the Governor to order a new election for such unfilled office or offices.¹

SEC. 22. Where any term is held, or trial conducted by less than the whole number of said Circuit Judges, upon the decision or determination of any point or question by the

The right of having questions reserved shall not, however, apply to trials of appeals from judgments of Justices of the Peace, nor to criminal cases below the grade of felony, except when the punishment is confinement in the penitentiary; and this section shall be subject to such provisions as may hereafter be made by law.

SEC. 23. The judges of the respective Circuit Courts of this State and of the courts of Baltimore city, shall render their decisions in all cases argued before them, or submitted for their judgment, within two months after the same shall have been so argued or submitted.

SEC. 24. The salary of each Chief Judge and of the Judge of the Court of Appeals from the city of Baltimore shall be three thousand five hundred dollars, and of each Associate Judge of the Circuit Court shall be two thousand eight hundred dollars per annum, payable quarterly, and shall not be diminished during his continuance in office. ****

SEC. 25. There shall be a Clerk of the Circuit Court for each county, who shall be elected by a plurality of the qualified voters of said county, and shall hold his office for six years from the time of his election, and until his successor is elected and qualified, and be re-eligible, subject to be removed for wilful neglect of duty or other misdemeanor in office, on conviction in a court of law.¹ In case of a vacancy in the office of Clerk of a Circuit Court, the Judges of said court shall have power to fill such vacancy until the general election for Delegates to the General Assembly, to be held next thereafter, when a successor shall be elected for the term of six years.²

**** By the Act of 1927, Chapter 235, the salary of the Chief Judges was increased to eleven thousand five hundred dollars, and each Associate Judge to eight thousand five hundred dollars.

¹Amended by Article XVII, Section 1.

²Cf. *Supra*.

SEC. 26. The said clerks shall appoint, subject to the confirmation of the judges of their respective courts, as many deputies under them as the said judges shall deem necessary to perform, together with themselves, the duties of the said office, who shall be removable by the said judges for incompetency, or neglect of duty, and whose compensation shall be according to existing or future provisions of the General Assembly.

The members of the First Branch and Second Branch of the City Council now in office shall hold office until their successors have been elected under the provisions of this Charter and have duly qualified.

212. There shall be elected on the Tuesday next after the first Monday in May, 1923, and upon every fourth year thereafter, from the City at large, a person to be the President of the City Council who shall possess the qualifications required and hereinbefore defined of the Mayor of the City of Baltimore. His duty shall be to preside over the City Council and vote on all questions and perform such other duties as may be prescribed by ordinances not inconsistent with this Charter. He shall be paid a salary of three thousand dollars (\$3,000.00) per annum payable monthly. The City Council, by two-third vote of all the members elected, may remove from office the President of the City Council for incompetency, wilful neglect of duty or misdemeanor in office upon charges preferred by the Mayor, and after notice of such charges is given to the President of the City Council and an opportunity afforded him to be heard.

213. The qualifications of electors of members of the City Council shall be the same as those of electors of the Mayor. All vacancies in the City Council shall be filled without delay by the City Council from the Councilmanic District in which the said vacancy occurs, by an election of a person possess-

ing the qualifications hereinbefore described, to fill the unexpired term of the former incumbent.

214. All powers, rights, duties and privileges heretofore vested in the First and Second Branches of the City Council, or in either of them, shall be vested in the City Council, as herein constituted. All powers, rights, duties and privileges heretofore vested in the President of the Second Branch of the City Council shall be vested in the President of the City Council as provided for herein. All acts subject to amendment in accordance with Article XI-A of the Constitution, or parts of such acts, and all ordinances or parts of ordinances, and all sections, or parts of sections of this charter, including Section 657B of Article IV of the Code of Public Local Laws of Maryland, inconsistent or in conflict with Sections 209, 210, 211, 212, 213, 214, 215, 216, 217, 221 and 222 as hereby enacted, are hereby repealed and declared null and void.

215. For the purpose of establishing Councilmanic Districts, the Mayor shall appoint, as soon as may be, a Commission consisting of three members, who shall be members of the Board of Supervisors of Election of Baltimore City; the said Commissioners shall serve without pay; one of the said Commissioners shall be the President of said Commission and shall be so designated by the Mayor. In case any one or more persons who are members of the Board of Supervisors of Election shall refuse or be unable to serve, the Mayor shall appoint such other persons not members of the Board of Supervisors of Election as he may deem fit for said office, but not more than two of said Commissioners shall be affiliated with the same political party. The said Commission shall divide and apportion the City of Baltimore into six Councilmanic Districts, as near as may be, of equal population and of contiguous territory, and fix the boundaries thereof. The districts so divided shall be the Councilmanic Districts for the election of members of the City Council. When the said six Councilmanic Districts are so laid out by the said Commissioners as hereinbefore directed, it shall be the duty of the said Commissioners to make or cause to be made in a proper book, a careful description of the boundaries of each of said Councilmanic Districts numbered under its proper number and after making a careful and exact copy of the same in another proper book, and after verifying the said original book and the said copy by their signatures, to deposit the original book in the Clerk's Office of the Superior Court of Baltimore City, and to be recorded by him among the Land Records in his Office, and a copy of the description or descriptions contained in the

said record of the boundaries or any one or more Councilmanic Districts therein mentioned and described, shall be evidence of the boundaries of such Councilmanic District or Districts so laid out as aforesaid, and the copy of said original book so made and so verified, as aforesaid, shall be deposited with the Board of Supervisors of Election of Baltimore City to be retained among the records of the said Board. Said Commissioners shall perform and complete duties herein imposed upon them on or before the 15th day of February, 1923. When said book containing the said descriptions of the said Councilmanic Districts of the City of Baltimore so laid out as aforesaid, has been deposited for record in the Clerk's Office of the Superior Court of Baltimore City, then the said Councilmanic Districts as in said book described and laid out shall thereafter be deemed to be the several Councilmanic Districts of Baltimore City.

216. The City Council shall meet annually on the Thursday next after the third Monday in May and may continue in session for one hundred and twenty days and no longer in each year; provided that they may by ordinance or resolution so arrange their sittings that the same may be held continuously or otherwise, and provided further that the Mayor may convene the City Council in extra session as he may now do by the fourth section of the eleventh article of the State Constitution.

ARTICLE XI-A.*

LOCAL LEGISLATION.

SECTION 1. On demand of the Mayor of Baltimore and City Council of the City of Baltimore, or on petition bearing the signatures of not less than 20 per cent of the registered voters of said city or any county (provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition), the Board of Election Supervisors of said city or county shall provide at the next general or Congressional election, occurring after such demand or the filing of such petition, for the election of a charter board of eleven registered voters of said city or five registered voters in any such counties. Nominations for members of said charter board may be made not less than forty days prior to said election by the Mayor of Baltimore and City Council of the City of Baltimore or the County Commissioners of such county, or not less than twenty days prior to said election by petition bearing the signatures written in their own handwriting

* Added by Chapter 416, 1914, ratified November 2, 1915.

(and not by their mark) of not less than 5 per cent of the registered voters of the said City of Baltimore or said county; provided, that in any case two thousand signatures of registered voters shall be sufficient to complete any such nominating petition, and if not more than eleven registered voters of the City of Baltimore or not more than five registered voters in any such county are so nominated their names shall not be printed on the ballot, but said eleven registered voters in the City of Baltimore or five in such county shall constitute said charter board from and after the date of said election. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five members in the county receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within six months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in said the City of Baltimore or county within thirty days after it shall be reported to him. Such charter shall be submitted to the voters of said city or county at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption, the said charter from and after the *thirtieth day* from the date of such election shall become the law of said city or county, subject only to the Constitution and Public General Laws of this State, and any Public Local Laws inconsistent with the provisions of said charter and any former charter of said the City of Baltimore or county shall be thereby repealed.

Sec. 2. The General Assembly at its first session after the adoption of this amendment shall, by Public General Law, provide a grant of express powers for such county or

counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

SEC. 3. Every charter so formed shall provide for an elective legislative body in which shall be vested the law-making power of said city or county. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any county shall be known as the County Council of the county. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in the county as the President of the County Council of the county, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Commissioners of the counties shall be construed to refer to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Council herein provided for, whenever such construction would be reasonable. From and after the adoption of a charter by the City of Baltimore, or any county of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said county, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said city or county, including the power to repeal or amend Local Laws of said city or county enacted by the General Assembly, upon all matters covered by the express powers granted as above provided; provided that nothing herein contained shall be construed to authorize or empower the County Council of any county in this State to enact laws or regulations for any incorporated town, village, or municipality in said county, on any matter covered by the powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory thereto. Provided, however, that the charters of the various counties shall provide that the County Council of the counties shall not sit more than one month in each year for the purpose of enacting legislation for such counties, and all legislation shall be en-

acted during the month so designated for that purpose in the charter, and all laws and ordinances so enacted shall be published once a week for three successive weeks in at least one newspaper published in such counties, so that the taxpayers and citizens may have notice thereof. This provision shall not apply to Baltimore City. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the Counties, hereinbefore provided, shall be subject to the same rules of interpretation as those now applicable to the Public Local Laws of this State, except that in case of any conflict between said Local Law and any Public General Law now or hereafter enacted, the Public General Law shall control.

SEC. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any county of this State, no Public Local Law shall be enacted by the General Assembly for said city or county on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the counties of this State.

SEC. 5. Amendments to any charter adopted by the City of Baltimore or by any county of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of said the City of Baltimore, or the Council of said county, or by a petition signed by not less than 20 per cent of the registered voters of said city or county, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be submitted to the voters of said city or county at the next general or Congressional election occurring after the passage of said resolution, or the filing of said petition; and if at said election the majority of the votes cast for and against said amendments shall be in favor thereof, said amendment shall be adopted and become a part of the charter of said city or county from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said city or county.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers

and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6, inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each county and the voters of the City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further, that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said counties or city as this Article sets forth.

SEC. 7. The word "Petition," as used in this Article, means one or more sheets written or printed or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affidavit of one or more registered voters of the city or county in which said voters so signing are registered, and one affidavit may apply to or cover any number of signatures to such petition. The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

ARTICLE XII.

PUBLIC WORKS.

SECTION 1. The Governor, the Comptroller of the Treasury and the Treasurer shall constitute the Board of Public Works in this State. They shall keep a journal of their proceedings, and shall hold regular sessions in the City of Annapolis on the first Wednesday in January, April, July and October in each year, and oftener if necessary; at which sessions they shall hear and determine such matters as affect the public works of the State, and as the General Assembly may confer upon them the power to decide.

SEC. 2. They shall exercise a diligent and faithful supervision of all public works in which the State may be interested as stockholder or creditor, and shall represent and vote the stock of the State of Maryland in all meetings of the stockholders of the Chesapeake and Ohio Canal; and shall appoint the directors in every railroad and canal com-

pany in which the State has the legal power to appoint directors, which said directors shall represent the State in all meetings of the stockholders of the respective companies for which they are appointed or elected. And the president and directors of the said Chesapeake and Ohio Canal Company shall so regulate the tolls of said company from time to time as to produce the largest amount of revenue, and to avoid the injurious effect to said company of rival competition by other internal improvement companies. They shall require the directors of all said public works to guard the public interest and prevent the establishment of tolls which shall discriminate against the interest of the citizens or products of this State and from time to time, and as often as there shall be any change in the rates of toll on any of the said works, to furnish the said Board of Public Works a schedule of such modified rates of toll, and so adjust them as to promote the agricultural interests of the State; they shall report to the General Assembly at each regular session, and recommend such legislation as they may deem necessary and requisite to promote or protect the interests of the State in the said public works; they shall perform such other duties as may be hereafter prescribed by law, and a majority of them shall be competent to act. The Governor, Comptroller and Treasurer shall receive no additional salary for services rendered by them as members of the Board of Public Works. The provisions of the Act of the General Assembly of Maryland of the year 1867, Chapter 359, are hereby declared null and void.

SEC. 3. The Board of Public Works is hereby authorized, subject to such regulations and conditions as the General Assembly may from time to time prescribe, to sell the State's interest in all works of internal improvement, whether as a stockholder or a creditor, and also the State's interest in any banking corporation, receiving in payment the bonds and registered debt now owing by the State, equal in amount to the price obtained for the State's said interest.*

ARTICLE XIII.

NEW COUNTIES.

SECTION 1. The General Assembly may provide, by law, for organizing new counties, locating and removing county seats and changing county lines; but no new county shall be organized without the consent of the majority of the legal voters residing within the limits proposed to be formed into said new county; and whenever a new county shall be pro-

posed to be formed out of portions of two or more counties, the consent of majority of the legal voters of such part of each of said counties, respectively, shall be required; nor shall the lines of any county be changed without the consent of a majority of the legal voters residing within the district, which, under said proposed change, would form a part of a county different from that to which it belonged prior to said change; and no new county shall contain less than four hundred square miles, nor less than ten thousand white inhabitants; nor shall any change be made in the limits of any county, whereby the population of said county would be reduced to less than ten thousand white inhabitants, or its territory reduced to less than four hundred square miles.

SEC. 2. At the election to be held for the adoption or rejection of this Constitution, in each election district, in those parts of Worcester and Somerset counties, comprised within the following limits, viz: Beginning at the point where Mason and Dixon's line crosses the channel of Pocomoke river, thence following said line to the channel of the Nanticoke river; thence with the channel of said river to Tangier Sound, or the intersection of Nanticoke and Wicomico rivers; thence up the channel of the Wicomico river to the mouth of Wicomico creek; thence with the channel of said creek and Passerdyke creek to Dashield's or Disharoon's Mills; thence with the mill pond of said mills and branch following the middle prong of said branch, to Meadow Bridge, on the road dividing the counties of Somerset and Worcester, near the southwest corner of farm of William P. Morris; thence due east to the Pocomoke river; thence with the channel of said river to the beginning; the Judges of Election, in each of said districts, shall receive the ballots of each elector, voting at said election, who has resided for six months preceding said election within said limits, for or against a new county; and the return judges of said election districts shall certify the result of such voting, in the manner now prescribed by law, to the Governor, who shall by proclamation make known the same, and if a majority of the legal votes cast within that part of Worcester county, contained within said lines, and also a majority of the legal votes cast within that part of Somerset county, contained within said lines, shall be in favor of a new county, then said parts of Worcester and Somerset counties shall become and constitute a new county, to be called Wicomico county, and Salisbury shall be the county seat. And the inhabitants thereof shall thenceforth have and enjoy all such rights and privileges as are held and enjoyed by the inhabitants of the other counties of this State.

SEC. 3. When said new county shall have been so created, the inhabitants thereof shall cease to have any claim to, or interest in, the county buildings and other public property of every description belonging to said counties of Somerset and Worcester, respectively, and shall be liable for their proportionate shares of the then existing debts and obligations of the said counties according to the last assessment in said counties, to be ascertained and apportioned by the Circuit Court of Somerset county, as to the debts and obligations of said county, and by the Circuit Court of Worcester county as to the debts and obligations of Worcester county, on the petition of the County Commissioners of the said counties, respectively; and the property in each part of the said counties included in said new county shall be bound only for the share of the debts and obligations of the county from which it shall be separated; and the inhabitants of said new county shall also pay the county taxes levied upon them at the time of the creation of such new county, as if such new county had not been created; and on the application of twelve citizens of the proposed county of Wicomico, the Surveyor of Worcester county shall run and locate the line from Meadow Bridge to the Pocomoke river, previous to the adoption or rejection of this Constitution, and at the expense of said petitioners.

SEC. 4. At the first general election held under this Constitution the qualified voters of said new county shall be entitled to elect a Senator and two Delegates to the General Assembly, and all such county or other officers as this Constitution may authorize, or require to be elected by other counties of the State; a notice of such election shall be given by the Sheriffs of Worcester and Somerset counties in the manner now prescribed by law; and in case said new county shall be established, as aforesaid, then the counties of Somerset and Worcester shall be entitled to elect but two Delegates each to the General Assembly.

SEC. 5. The county of Wicomico, if formed according to the provisions of this Constitution, shall be embraced in the First Judicial Circuit, and the times for holding the courts therein shall be fixed and determined by the General Assembly.

SEC. 6. The General Assembly shall pass all such laws as may be necessary more fully to carry into effect the provisions of this Article.

ARTICLE XIV.

AMENDMENTS TO THE CONSTITUTION.

SECTION 1. The General Assembly may propose amendments to this Constitution; provided, that each amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand when amended and passed by three-fifths of all the members elected to each of the two Houses by yeas and nays, to be entered on the journals with the proposed amendment. The bill or bills proposing amendment or amendments shall be published by order of the Governor, in at least two newspapers in each county, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, one of which shall be in the German language, once a week for at least three months preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall, by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. When two or more amendments shall be submitted in manner aforesaid, to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

SEC. 2. It shall be the duty of the General Assembly to provide by law for taking, at the general election to be held in the year eighteen hundred and eighty-seven, and every twenty years thereafter, the sense of the people in regard to calling a convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for a convention, the General Assembly, at its next session, shall provide by law for the assembling of such convention, and for the election of Delegates thereto. Each county and Legislative District of the City of Baltimore shall have in such convention a number of Delegates equal to its representation in both Houses at the time at which the convention is called. But any Constitution, or change, or amendment, of the exist-

ing Constitution, which may be adopted by such convention shall be submitted to the voters of this State, and shall have no effect unless the same shall have been adopted by a majority of the voters voting thereon.

SECTION 1. (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor.

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

SEC. 2. No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contain a section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety, and passed upon a yea and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly; provided, however, that said period of suspension may be extended as provided in Section 3 (b) hereof. (b) If more than one-half, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with the Secretary of State before the first day of June, the time for the law to take effect, and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

SEC. 4. A petition may consist of several papers, but each paper shall contain the full text of the Act or part of Act petitioned upon; and there shall be attached to each such paper an affidavit of the person procuring the signatures thereon that of the said person's own personal knowledge every signature thereon is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or county, as the case may be, as set opposite their names and no other verification shall be required.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hundred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the Referred Law" and "Against the Referred Law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall, by his proclamation, declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any county or of the City of Baltimore.

SEC. 6. No law or Constitutional Amendment, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under any Act of the provisions of this Article.

ARTICLE XVII.*

QUADRENNIAL ELECTIONS.

SECTION 1. All State officers elected by qualified voters (except judges of the Circuit Courts of the several circuits, the member of the Court of Appeals from Baltimore City,

*Added by Chapter 227, Acts of 1922, and adopted November, 1922.

and members of the Supreme Bench of Baltimore City), and all county officers elected by qualified voters, shall hold office for terms of four years, and until their successors shall qualify.

SEC. 2. Elections by qualified voters for State and county officers shall be held on the Tuesday next after the first Monday of November, in the year nineteen hundred and twenty-six, and on the same day in every fourth year thereafter.

Sec. 3. Members of the House of Delegates and all other State and county officers elected by the qualified voters at the election to be held on the Tuesday next after the first Monday of November, in the year nineteen hundred and twenty-three for terms of office heretofore fixed by law at two years, shall hold office for terms of three years; the Governor, Attorney General, members of the State Senate and all other State and county officers elected by the qualified voters at the election to be held on the Tuesday next after the first Monday in November, in the year nineteen hundred and twenty-three, for terms of office heretofore fixed by law at four years, shall hold office for terms of three years; Registers of Wills, Clerks of Court and all other State and county officers elected by qualified voters at the election to be held on the Tuesday next after the first Monday of November, in the year nineteen hundred and twenty-three, for terms of office heretofore fixed by law at six years, shall hold office for terms of three years; and all such State and county officers elected by qualified voters thereafter shall hold office for terms of four years.

SEC. 4. All officers to be appointed by the Governor under existing provisions of law in the year nineteen hundred and twenty-four for terms of office heretofore fixed by law at two years, shall hold office for terms of three years; all officers so appointed for terms of office heretofore fixed by law at four years, shall hold office for terms of three years; all officers so appointed for terms of office heretofore fixed by law at six years, shall hold office for terms of five years, and thereafter appointments by the Governor shall be for the terms heretofore fixed by law, unless otherwise duly changed by law. All officers appointed by County Commissioners after the election to be held on the Tuesday next after the first Monday in November, nineteen hundred and twenty-three, for terms of office of two, four or six years, shall hold office for terms of three years, and thereafter appointment by the County Commissioners shall be for terms of four years, unless otherwise duly changed by law.

SEC. 5. The terms of all State and county officers heretofore elected by qualified voters, and whose successors would not be elected until the Tuesday next after the first Monday of November, nineteen hundred and twenty-five, shall be increased by one year, and their successors shall be elected for the regular term at the election to be held on the Tuesday next after the first Monday of November, nineteen hundred and twenty-six. The terms of all State and county officers heretofore elected by qualified voters, and whose successors would not be elected until the Tuesday next after the first Monday of November, nineteen hundred and twenty-seven, shall remain unchanged; their successors shall be elected for a term of three years at the elections to be held on the Tuesday next after the first Monday of November, nineteen hundred and twenty-six, but shall not take office until the expiration of the full term for which their predecessors have been elected; and their successors shall be elected for the regular term at the election to be held on the Tuesday next after the first Monday of November, nineteen hundred and thirty. Nothing herein shall affect the terms of any judge of the Circuit Court of the several circuits, the member of the Court of Appeals from Baltimore City or any member of the Supreme Bench of Baltimore City; if the term of any such judge shall expire in a year in which no election for members of the General Assembly is held, the Governor shall appoint a person duly qualified to fill said office, who shall hold the same until the next general election for members of the General Assembly, when a successor shall be elected for the term elsewhere provided. The terms of all State and county officers heretofore appointed for terms which will not expire until during the years nineteen hundred and twenty-five, nineteen hundred and twenty-six, nineteen hundred and twenty-seven or nineteen hundred and twenty-eight shall be reduced by one year, and their successors shall be appointed for the terms now provided by law in the years nineteen hundred and twenty-four, nineteen hundred and twenty-five, nineteen hundred and twenty-six or nineteen hundred and twenty-seven, respectively. In the event that the term of any officer appointed by the Governor with the advice and consent of the Senate shall expire in the year nineteen hundred and twenty-five or twenty-six, the Governor shall have power to appoint a successor, who shall serve for the full term subject to confirmation by the Senate at the regular session to be held under this Article in the year nineteen hundred and twenty-seven.

SEC. 6. The General Assembly shall meet on the first Wednesday of January, nineteen hundred and twenty-four, for a regular session, and shall not meet again for a regular session until the first Wednesday of January, nineteen hundred and twenty-seven, and the General Assembly shall meet on the same day in every second year thereafter and at no other time, unless convened by proclamation of the Governor.

SEC. 7. The term of the Treasurer elected by the General Assembly at the regular session of nineteen hundred and twenty-four shall be three years. Thereafter the term shall be the same as elsewhere provided.

SEC. 8. The terms of the members of the Board of Supervisors of Elections of Baltimore City and of the several counties shall commence on the first Monday of June next ensuing their appointment.

SEC. 9. The vote to be held under the provisions of Section 2 of Article XIV of the Constitution for the purpose of taking the sense of the people in regard to calling a Constitutional Convention shall be held at the general election in the year nineteen hundred and thirty, and every twenty years thereafter.

SEC. 10. The Governor shall submit three budgets to the General Assembly at the regular session of nineteen hundred and twenty-four, in accordance with the provisions of Section 52 of Article III of the Constitution, for the three fiscal years beginning October first, nineteen hundred and twenty-four, and ending September thirtieth, nineteen hundred and twenty-seven, and two budgets to the general Assembly at the regular session of nineteen hundred and twenty-seven, and thereafter as now provided by said section.

SEC. 11. The purpose of this Article is to reduce the number of elections, by providing that all State and county elections shall be held only in every fourth year, and at the time now provided by law for holding congressional elections; and to bring all terms of appointive officers into harmony with the changes affected in the time of the beginning of the terms of elective officers; and the administrative and judicial officers of the State shall construe the provisions of this Article so as to effectuate that purpose. For the purpose of this Article only the word "officers" shall be construed to include those holding positions and other places of employment in the State and county governments whose terms are fixed by law, but it shall not include any appointments made

by the Board of Public Works, nor appointments by the Governor for terms of three years.

SEC. 12. The General Assembly, at the regular session of the year nineteen hundred and twenty-four, shall make such changes in the primary and general election laws, and otherwise, as may be necessary to carry out the provisions of this Article. There shall be no election for State or county officers in the year nineteen hundred and twenty-five.

SEC. 13. In the event of any inconsistency between the provisions of this Article and any of the other provisions of the Constitution, the provision of this Article shall prevail, and all other provisions shall be repealed or abrogated to the extent of such inconsistency.
